Descendants of sailors, we are anchored in the Bordeaux vineyards since the end of the 18th century to dedicate ourselves to the culture of the vine and the wine.

First established in Entre-Deux-Mers, we raise today our wines on three beautiful soils bringing together the diversity of Bordeaux.

CHÂTEAU VIGNOL - ENTRE-DEUX-MERS

The cru in four colours

The estate Vignol was first structured by the Baron de Montesquieu, a philosopher and wine lover. In the 19th century, a ship-owner ennobled the building with a beautiful Louisiana style front, inspired by his travels across the Atlantic. In these valleys of Entre-Deux-Mers, we develop our Bordeaux in four colours : red, claret, pink and white.

CHÂTEAU TOUR DE CALENS -

Gravels scents

South of Bordeaux, on the left bank of the Garonne river, its tower rises like a lookout above the vineyards: the Château Tour de Calens command a 10 hectares vineyard anchored in a land of deep gravels and grey sands. The property, in our family since 1987, allows us to sign wines of soil, complex and elegant red, white and sweet.

CHÂTEAU SAINT ANGE - SAINT EMILION GRAND CRU

A paradise in Saint-Emilion

In 2009, we acquired a two hectares garden vineyard. Here the vines aged over forty years, are rooted on a valuable vein of gravels. The name of Saint-Ange refers as much to the sacred imagination which floats on the city of Saint-Emilion, than to the delicious messages shared with wine tasting. The heaven is not so far...
