

MI SMO

DIGITALLEATHER

Od 2021

BASIC INFO

- **Location:** Trg Topolivaca 4, 34000 Kragujevac (Business Innovation Center Kragujevac).
- **Website:** www.digitalleather.rs, www.fmea-excellence.com
- **Company type:** Limited liability company.
- **Services:**
 1. Production of computers and peripheral equipment – 2620
 2. Computer programming – 6201
 3. Business and management consulting activities – 7022

Services/Product

1. Existing software solutions for managing: risks, contracts, human resources, and machinery.
2. Custom software development based on client needs.
3. Hybrid solutions combining hardware, software and AI.

COMBINED SOLUTIONS (hardware + software)

1. Computer vision (AI)-based solutions for industrial leather quality inspection;
2. Assembly and testing bench for the production and testing of electrical installations for the NTV 4x4 military vehicle.

1. AI-based leather quality control machines (innovation)

2. Assembly and testing machine for specialized military vehicle harness

Software solutions (custom made)

1. Machine operation monitoring software (monitoring of effective operating time and downtime in the production process);
2. Human resources management software (HR platform) (focused on onboarding, job classification management, sick leave, terminations, vacations, employee status, skills matrices, etc.);
3. Risk management software – FMEA EXCELLENCE (for managing risks in product development and manufacturing processes, with the ability to include financial, time, and strategic dimensions in addition to technical aspects).

1. Solution for machine follow-up

3. Risk management software (FMEA EXCELLENCE)

The screenshot displays the FMEA EXCELLENCE risk management software interface. The top section shows a process flow diagram with steps: **Pristizanje sirovina** (OP10), **OP20**, and **Skladistenje sirovina** (OP30). A modal window titled "Odaberite Klasifikaciju Procesa" is open, showing a dropdown menu with options: **sc**, **cc**, **ff**, **fc**, and **pm**.

The middle section shows a user profile for **Nikola Nikolic** with a greeting: "Zdravo Nikola, dobrodošli! Pogledajte šta se dešavalo u zadnjih par dana:". Below this, there are tabs for **Korisnici** and **Sistem**, and a list of users including **Nikola Nikolic admin**.

A modal window titled "Kreiranje resursa" is open, showing a form for creating a resource. The form includes fields for: **Odaberite 6M** (dropdown menu), **Ime i Prezime *** (text input), **Pozicija *** (text input), **Smena *** (text input), **Nadređeni *** (dropdown menu), **Godine Iskustva *** (text input), and **Komentar** (text input). A **Kreiraj Resurs** button is at the bottom.

The bottom right section shows a dashboard with a donut chart labeled **0 % Efikasnost** and a sidebar with navigation links: **Moj Profil**, **Novo**, **Kupac**, **Projekat**, **PFD**, **M**, **DFMEA**, **PFMEA**, **Kontrol Plan Baseli...**, **Pregled**, **Analitika**, **Support**, **Registruj Korisnika**, and **Odjavi se**.
