

Communication & dissemination partner for EU consortia

Island Innovation joins EU consortia as a dedicated communication and dissemination partner — specialising in island governance, blue economy, and climate resilience across established island and outermost region networks.

Horizon Europe · Interreg · LIFE · EMFAF · Erasmus+

WHO WE ARE

An international organisation working with governments, researchers, NGOs, private sector actors, and youth networks across island and coastal regions. We bring an established audience through the Virtual Island Summit and the Global Sustainable Islands Summit (GSIS), and a multilingual team in English, Spanish, and Portuguese.

EU PROJECT EXPERIENCE

Direct experience contributing to EU project deliverables under Horizon Europe frameworks, including WP3, WP6, and WP9 activities. We coordinate across international partners to meet EU reporting and dissemination milestones with proven delivery track records.

What we deliver

01 Comms & dissemination plans

Project branding, visual identity, and graphic design across print and digital

02 Web design & development

SEO-optimised project websites hosted on eco-friendly infrastructure

03 Multilingual content

Editorial coordination, research reports, publications in EN, ES, PT

04 Video & multimedia

Production, motion graphics, animations, and multimedia design

05 Media & outreach

Social media strategy, newsletters, press releases, and public engagement

06 Stakeholder engagement

Mapping, targeted outreach, capacity building, and policy dialogue

07 Event organisation

Large-scale summits, virtual events, logistics to post-event reporting

08 Inclusive design

Accessible, culturally sensitive communication aligned with EU visibility requirements

Who we are looking for

We are seeking to join consortia working on island climate resilience, blue economy, energy transition, territorial cooperation, or active citizenship. If islands, coastal communities, or outermost regions are part of your project scope, we welcome a conversation about joining as your communication and dissemination partner.
