*Detailed Company Background	<p>WISHULADA is social activist artist and social enterprise which provides design service and create artwork from many kinds of waste materials to achieve the maximum benefit according to Circular Economy concept with the believing of “Nothing worthless” and “Everybody can do”. That is everybody can change waste materials to be reused and create value-added workpiece.</p> <p>Artworks of WISHULADA can be one instrument that indicates the amount of waste and encourage everyone awareness on environmental problems. Besides, they can inspire people to effectively reuse the wasted materials surrounding us to reach the highest benefit.</p> <p>WISHULADA believes that the power of creativeness together with suitable operational planning from upstream, such as production process, until downstream, such as consumer, to reuse waste materials, will reduce amount of waste materials that be discarded to be least left. This can be one supporting part of the mechanism for future sustainability. Because the waste problem issues are kept mention for the length of time and cannot be solved by just only a group of people, therefore this topic should be encouraged as duty and responsibility of everyone who living and exploiting natural resources of the world</p>
