team members

A large red ship hull is being lifted by a massive crane at a shipyard. The ship is positioned vertically, and the crane's arm is visible above it. The background shows a cloudy sky and some industrial structures.

SHIPBUILDING & SHIPREPAIR

A large red offshore wind turbine structure is being installed in the ocean. The structure is supported by a barge or platform, and the water is a deep blue. The sky is clear and blue.

OFFSHORE & WIND

Two workers in protective gear are working on a large metal structure in a factory. One worker is standing on a platform, and the other is on the ground. The structure is made of large metal plates and pipes. The background shows industrial equipment and a large hall.

METAL STRUCTURES & MANUFACTURE

A worker in a protective suit is standing next to a large black pipe in an industrial setting. The pipe is lying on the ground, and the worker is holding a tool. In the background, there are industrial buildings and a body of water.

OIL & GAS

SHIP BUILDING & REPAIR

ADORIS provides skilled workers for shipbuilding and repair projects, specializing in the installation and welding of deck fittings, hatches, doors, mooring systems, on-site repairs of damaged or corroded parts, and welding of outfitting components like ladders, railings, and critical fixtures.

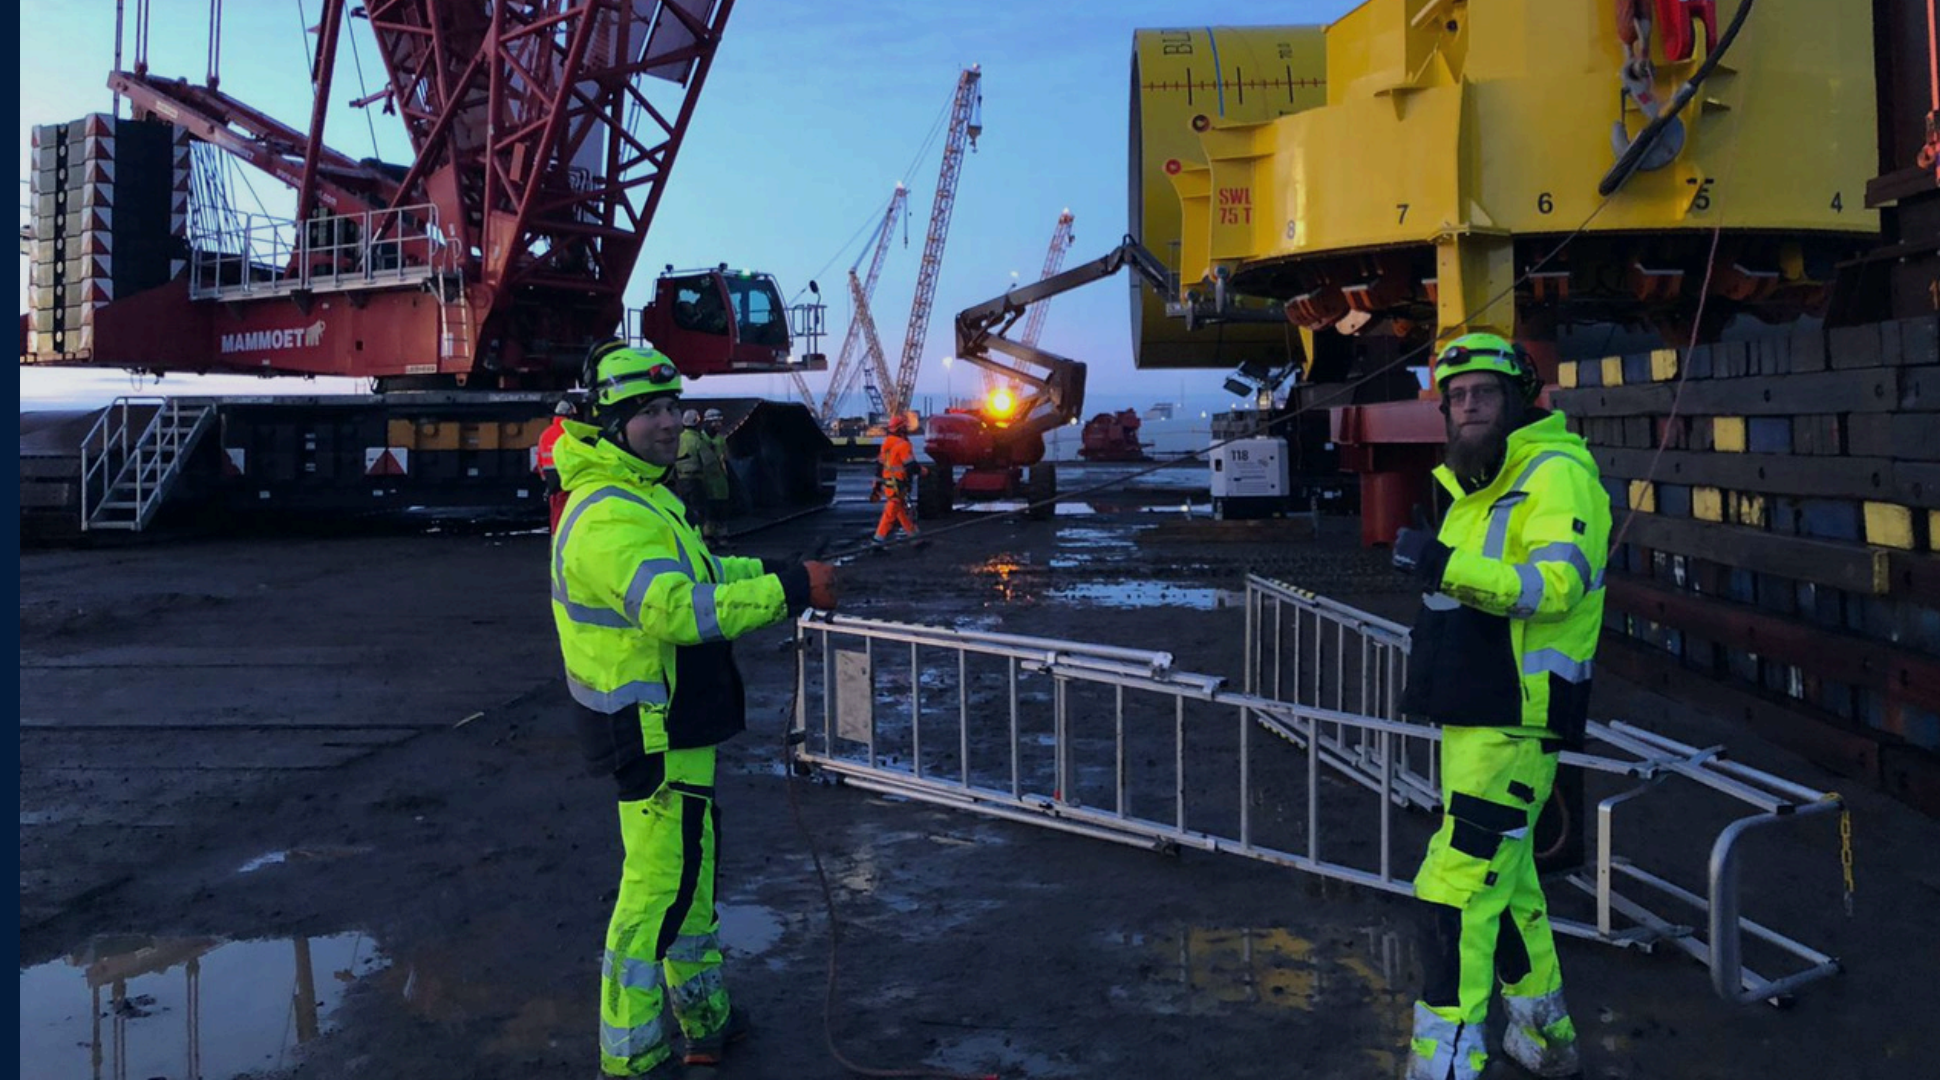

PIPES & PIPELINES

Precise welding and installation of pipes and pipelines.

Fabrication of high-pressure and corrosion-resistant piping systems.

OFFSHORE & WIND

ADORIS provides skilled welders, fitters, technicians, riggers, and other specialists for offshore and wind projects across Europe, delivering reliable and efficient manpower solutions.

METAL STRUCTURES MANUFACTURE

- Structural steel construction
- Stainless steel constructions
- Bridges structures
- Containers
- Pipes
- Tanks

COMPLETE WORKFORCE SOLUTIONS

- Welders
- Fitters
- Pipe fitters
- Pipe welders
- Painters
- Spray painters
- Sandblasters
- Others

Our partner network consists of trusted suppliers, experienced contractors, and committed partners, providing outsourcing services.
