Online Deal-Making

The Belt and Road Summit is a premier international platform that brings together global business leaders and industry experts, facilitating access to opportunities across the Belt and Road and beyond. With a strong emphasis on business matching, the Summit connects dealmakers, project owners, investors, and service providers in a dynamic setting, enabling participants to forge targeted partnerships and advance cross-border collaboration.

Deal-Making (Business Matching)

Through **pre-arranged one-to-one business matching meetings**, Summit participants can connect with potential partners aligned with their shared interests.

An online platform is available to enable deal-making participants to **manage their individual schedules** and **submit additional meeting requests**.

Project Investment Sessions

Project owners from around the world will present their ventures through a series of thematic and market-focused project investment sessions. These presentations will provide investors and professional service providers with a comprehensive overview of project opportunities and prospects across different regions and sectors.

A series of thematic sessions, including:

Energy, Natural Resources
& Public Utilities

Transport and
Logistics Infrastructure

Innovation and
Technology

Urban Development
