

Who we are

The European Society for Paediatric Oncology (SIOPE Europe or SIOPE) is the only pan-European organisation representing all professionals working in the field of childhood cancers.

What we are working on

We support professional training, patient-family engagement, clinical trials, better information, stronger policies and pan-European standards for paediatric oncology care.

What's the one thing we need next

We need sustained, dedicated EU funding for childhood cancer to reduce inequalities and improve survival and quality of life through European collaboration.

**5 years Mission Cancer:
Stronger Through Connection**
