

# SEAMARK

## FINAL CONFERENCE

Demonstrating scalable, investable seaweed value chains providing informed guidance for policymakers

🕒 20 May 2026, 12:30 – 18:00 EEST (UTC+3)

📍 Ceti Locale, Limassol, Cyprus

# AGENDA

## Session 1: Technology Readiness & Cost Reduction (12:40 – 14:00)

*Focus on advancements in cultivation systems, breeding innovation, and strategies for cost reduction.*

### **Speakers:**

Dr Margarida Martins (ALGAplus)  
Floor Marsman (Ocean Rainforest)  
Dr J. Mark Cock (Roscoff)  
Dr Magni Laksáfoss (Sjókovin)

## Session 2: Processing & Product Development (14:30–16:05)

*This session focuses on biorefinery approaches, fermentation, extraction processes, and market pathways for algae-based products.*

### **Speakers:**

Oceanium (Speaker to be confirmed)  
Prof Reinhard Wimmer (Aalborg Uni)  
Dr Jeremy Brebion (Algaia)  
Dr Morten Heide (Nofima)  
Dr Unn Laksá (Sjókovin)

## Session 3: Sustainability & Strategic Scaling (16:35–18:00)

*This session addresses the environmental impact, ecosystem services, policy frameworks, and investment pathways for scaling the algae sector.*

### **Speakers:**

Dr Sander van den Burg & Josien Hendricksen (Wageningen University & Research)  
Maya Miltell (SUBMARINER)  
Juliana Arias Hansen (Sjókovin)

**SEAMARK**  
FINAL CONFERENCE  
20 MAY 26, CYPRUS
