

Fast, simple and unfunded storage solution for construction,

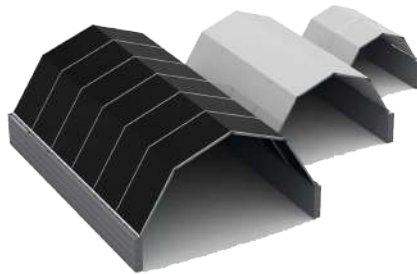

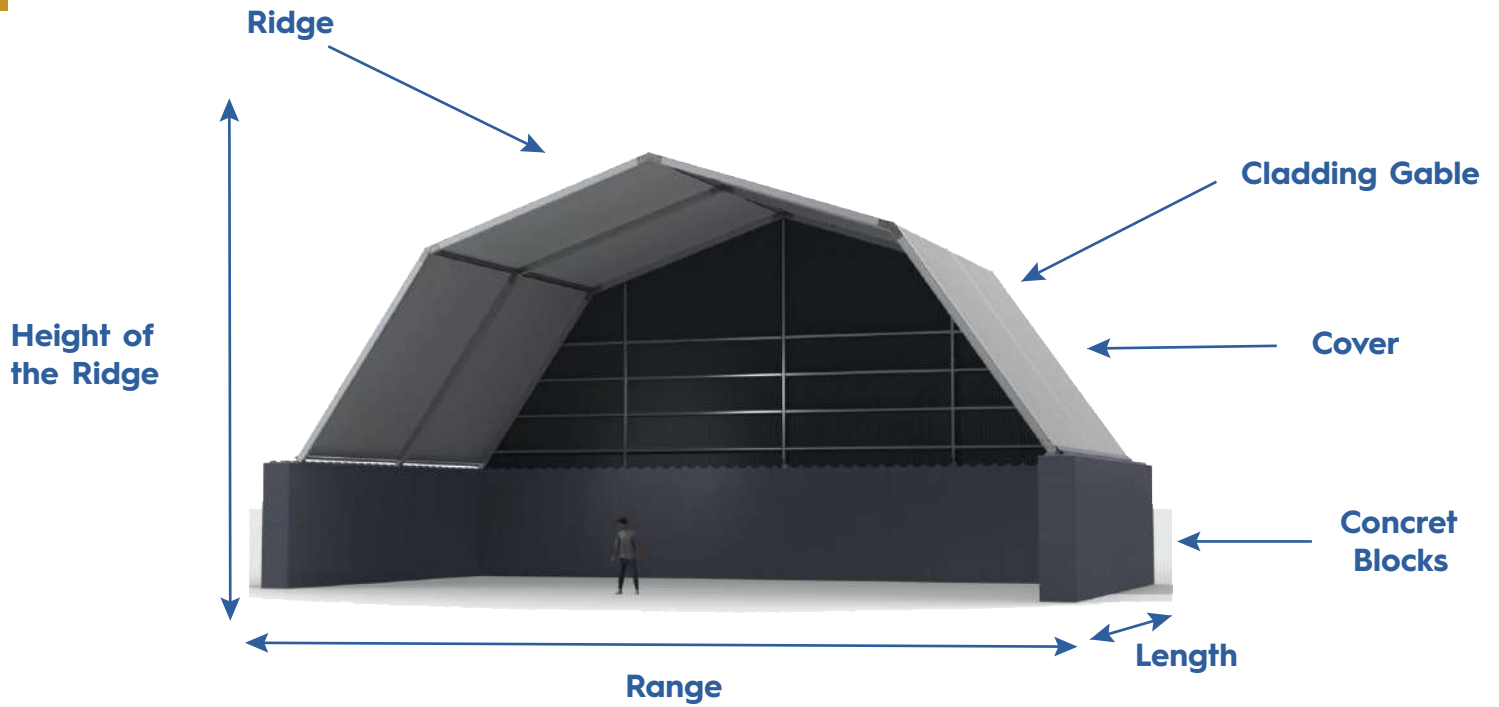

**AGRICULTURAL COOPERATIVES, MUNICIPALITIES, SCRAP DEALERS,
MATERIAL DEALERS, OR QUARRIES.**

Principles of Our Shelters

- > Standard range : **10 / 15 / 20m**
- > Custom-made : Up to 20m of range
- > Wall up to 4m high, a ridge up to about 12m
- > 4 grooves anodized aluminium frame, hot-dip galvanized steel socket and plates
- > Canvas covering with tarpaulins **LAC 650 SL** and **LAC 920** from *Saint Clair Textiles*, fireproof M2 FINITION* SYSTEM
CLEANGARD LOWICK
- > Concrete blocks of type «**Lego**» maintained by interlocking
- > Stability ensured by the weight of the wall
- > No foundation

The + of our storage shelters :

- > **Price positioning**, an excellent price-quality ratio,
- > **Reactivity** with very fast implementation and operation,
- > **Movable and modular** according to your needs,
- > **Qualitative and sustainable** products over time,
- > **Customizable** and aesthetic (color covers, screen printing with your own Logo),
- > **After-Sales-Service** : 100 % manufacturing service in our workshops ensuring the follow-up of spare parts.
