DECKEL AUTO

FUEL TANK CAPS

We are one of the leading manufacturers of high-quality automotive parts produced in Turkey. Specializing in fuel and radiator caps, AdBlue tank caps, and more, we meet the needs of global automotive manufacturers.

Our product range consists of durable plastic and metal components suitable for all types of vehicles, with both locking/non-locking and valve/valve-less options available. Deckel Auto also manufactures all custom plastic and sheet metal components according to customer specifications.

With our commitment to precision engineering and innovation, we serve the international automotive market by providing superior products that prioritize performance and quality.

OUR PRODUCTS

Fuel Caps

All fuel caps (locked and non-locked) are produced with vented and non-vented options according to customer specifications.

OUR PRODUCTS

AD BLUE Kapağı

Radyatör Kapağı

Yakıt Depo Boğazı

All AD BLUE caps are produced with vented and non-vented options according to customer requirements. All radiator caps are manufactured to the desired bar pressure specified by the customer.

A close-up, slightly blurred photograph of a person's hands and arms. The person is wearing a white, long-sleeved button-down shirt. They are holding a dark-colored pen with a silver clip and are in the process of signing a white document. The document is spread out on a dark surface. The background is out of focus, showing more of the person's shirt and some indistinct shapes. The overall lighting is soft and even.

COMPANY POLICIES

OUR QUALITY POLICY

To produce the highest quality products by utilizing the best technologies available, in line with the awareness provided by our industry.

To recognize that the trust we have earned from our customers is a valuable asset and to continuously increase this asset.

To prioritize communication and training in order to develop our employees' knowledge and skills, ensuring that quality is not a coincidence but a shared value among all employees.

To meet the needs and expectations of our customers and to enhance customer satisfaction under all circumstances.

To comply with legal regulations and the requirements of the ISO 9001:2015 standard, and to continuously improve its effectiveness.

OUR ENVIRONMENTAL POLICY

To minimize the negative environmental impacts resulting from our environmental dimensions.

To fulfill the requirements of relevant environmental regulations and compliance obligations.

To reduce waste to a minimum, prevent pollution at the source, and decrease its negative effects on the environment.

To take the necessary measures to minimize the negative environmental impacts of our activities and to aim for the protection of the environment.

To continuously improve the Environmental Management System to enhance environmental performance.
