BACKGROUND AND EXPERIENCE

	<p><i>What are your organisation's activities and previous experience in the areas relevant</i></p> <p><i>It is responsible for the management of many public elements under the auspices of Ankara Governorship, which was established in 1923 as the local public authority of Ankara, the capital of Turkey. Ankara Governorship, local education, health, security, environment, public works, sports, culture, tourism, agriculture, etc.</i></p> <p><i>It has a comprehensive corporate structure that ensures the coordination of all directorates. Providing services with a dynamic management approach in the fields of Press and Public Relations, Immigration, Planning and Coordination, Family and Social Policies, Environment, Science, Industry and Technology, Information Technology, Youth and Sports, Food and Agriculture, Public Health and Education, the Governorship provides public services. Very active efforts continue to meet the needs of the public.</i></p> <p><i>Ankara is an important trade and industry city. It is a junction range with a wide range of Turkey's road and flight networks and serves as the application center of different types of sectors. In addition, the Governorship is personally responsible for both formal and non-formal education/training services. Management and supervision duties are carried out in order to ensure that this education is carried out at high standards.</i></p> <p><i>The Governorship continues to offer lifelong learning activities for young people and vocational training to Ankara residents in its opportunities program. Validity plays an active role in the dissemination and use of project policies in the field of advanced practices/practices in the launch of both national and EU projects.</i></p> <p><i>One of the missions of our governorship is to support meeting the usage and training structure and working capacities. For this reason, the Governorship, which aims to ensure that public communication with young people produces positive socioeconomic results, has established the EU and Foreign Relations Unit to implement national and international policies. The EU and Foreign Relations Unit was established on 23 November 2010.</i></p> <p><i>Features of the unit;</i></p>
--	---

Please briefly present your organisation and include the following information:

- Lifelong learning, youth, health, security, crisis management, environment, public works, culture, tourism, agriculture, etc. recording and displaying programs in areas.
- Shares and payments of parts in Ankara,
- To support the development of public administrations and civil society in Ankara in line with the components of the EU,
- Providing guidance and consultancy services for public institutions and NGOs working on EU projects,
- To announce all new grant calls,
- To encourage and disseminate the emergence of EU projects.

The Governorship's EU and Foreign Relations Unit maintains public service standards in a wide public area within the framework of their developments.

Who are the key persons who will be involved in implementing and managing the project and what relevant experience do they have?

Osman Çağrı KILIÇOĞLU: Kılıçoğlu graduated from Ankara University Faculty of Agriculture. He took master degree in horticulture crops in the University of Tokat Gaziosmanpaşa. As well as he is open for improvement, he has managed important projects such as agriculture and children and the use of technology in agriculture . He has experience on agri-education. He was appointed as a Project Specialist to the Governorship of Ankara. His interests are Clean Environment and Waste Management, Medicinal Aromatic Plants, Closing Orchards, Farm Accounting Data Network, Agricultural Statistics, Use of Technology in Agriculture, Agricultural Clustering Programs.

Gamze Gonca ÖZYURT: Özyurt is a graduate student at Ankara University Institute of Educational Sciences and a bachelor and continuing educator at Dokuz Eylül University Faculty of Law. In October 2016, with the support of the Council of Europe, an immigrant named "On the Move: Flight and Migration" in Vienna participated in the workshop. Previously, she received training in innovative non-formal teaching methods in Prague with support from the Comenius program and organized a workshop for the development of educational materials for teachers in Milas / Muğla as part of the dissemination of this training project. Özyurt was the coordinator and trainer of the Youth Workers Project, Youth and Migration in 2017, and Youth and Peace in 2018. She participated in the Turkish Teacher Program at CERN, Switzerland. Özyurt, whose papers have been published in national and international symposiums and congresses and who has worked as an R & D coordinator in the district national education directorates, will support the project in the field of literature research, education and evaluation.

Aylin ERTEM HET : Het graduated from the English Language Teaching Department with a degree. She has management experience of 8 years at a state school. She has attended several trainings and seminars including NLP, Educational Leadership, Digital Literacy, and Inclusive Education. She also has a published book. Her interests are graphic design, content creation, and brand awareness. She is still studying graphic design at İstanbul University. She is now working as a project specialist in Ankara Governorship European Union and Foreign Affairs Office.

Naciye ÇAKIRER: She is a doctoral student in Management Information System in Ufuk University and had a master degree in Information Technologies from Gazi University. Having experience in Erasmus + strategic partnerships, Çakırer has

worked as an executive and trainer in 6 Erasmus + projects within the scope of international strategic partnerships in violence, peer bullying, reminding and raising awareness of traditional cultures, out-of-school learning environments-museum education, disabled persons, youth and youth worker and career planning. Çakırer, who has experience in international project writing, implementation, execution and finalization, gives project writing, method and application trainings in local and conducts local projects within the scope of development agency. Çakırer received training in social entrepreneurship, democratic citizenship, innovation and student coaching talent management. Çakırer, who has experience working as a R&D coordinator in the district national education directorates, will support the project on informatics, field work and education. She is currently working in Ankara Governorship as a project expert and the Horizon project coordinator.

ZUHAL ARSLAN : ARSLAN has worked in the public sector for about 25 years as a Geology Engineer, coordinator and senior manager in the units affiliated to the Governorships (including Villages), in works such as roads, drinking water, sewerage, village mansions, schools, hospitals, health centers, nursing homes, sports facilities, cultural and natural assets. January 2021 she was appointed as project expert at the Ankara Governorship European Union and Foreign Relations Office. While he was a member of Antalya Cultural and Natural Heritage Preservation Board for 4 years; He did street rehabilitation, Gölhisar Sagalosos Ancient City and Hacilar archaeological excavations, Church restoration, Natural history museum arrangement, Tourism planning. Together with Finland At the end of the "Technical Assistance for Mining Waste Management Laboratory Trainings" Project she worked as a coordinator, she prepared a rehabilitation plan for Bakı Zinc waste sites. In Ankara, she worked on cave registration, allocation strengthening, restriction and tourism, "environmental impact assessment" in geothermal and stone fields that we licensed on behalf of the governorship, and Geothermal Energy Development at the World Bank. She has a Class A Occupational Health and Safety Certificate and works as a Technical Inspector in the Turkish Accreditation Agency and the Ministry of Labor. She worked on the legislation of the Ministry of Internal Affairs. It is ready to support the Intercultural Dialogue of the society starting from the countryside to the top manager, especially in the field, to improve the professional development capacity of people. Also willing to do any work given for the Project.

Gülçin ASLAN: is a graduate of English Language Teaching and worked as an English teacher at the Ministry of National Education for many years, and attended many national and international trainings on ELT in those years. Besides to teaching English, she took various courses from the Curriculum and Development program department of the Institute of Educational Sciences. Also, she is doing her master's degree in the education administration department of the institute of educational sciences and is in the process of writing a thesis. She has written and conducted articles in many different national and international projects, especially participated in Erasmus+ Program mobility. ASLAN, who has been working as a project coordinator aside from teaching English at the institutions where she has worked, has provided project cycle management and project writing trainings. She is still working as a project specialist in Ankara Governorship European Union and Foreign Affairs Office.

Şükrü Can YILMAZ (Data Analysis / Statistics): Yılmaz holds both undergraduate and graduate degrees in mathematics and is responsible for the correspondence of the project, statistics, meta-analysis and calculation of the project budget.
