

# GOGLOBAL MINING

WE KEEP YOUR BUSINESS RUNNING!

# ABOUT US

**GoGlobal Mining** is an International company, headquartered in Portugal with Branches in DRC, Mozambique and South Africa.

Our mission is to **care for Heavy Duty Machinery**, reduce downtime, and increase production

At our **Components Rebuilt Centers** we meticulously rebuild a wide range of components to OEM specifications, ensuring that each one we deliver is durable, reliable, and performs at the highest standards.

We offer an extensive selection of mining and construction machinery parts , Genuine and OEM , for **Caterpillar®**, **Volvo®**, **Komatsu®**, **Hitachi®**, **Liebherr®**, **Sandvik®**, **Epiroc®**, **Cummins®**, **John Deere®**.

We also provide premium aftermarket parts, thanks to our dedicated and highly specialized Sourcing Team, ensuring high performance, reliability and cost savings, with warranty

We have developed **our own premium brand of GETS & Undercarriage**, to be cost effective and keep your equipment running smoothly.

In addition, we have expanded our capabilities to include **locomotive parts** and **electric components** for diesel electric dump trucks, such as those from **Komatsu®** and **Hitachi®**.

Our differentiation and **unique selling proposition** is our **experienced technical know-how** and **regular on site field service** to monitor our clients equipment's and enhance their reliability and long life performance.

# COMPONENT REBUILD CENTER

Our specialised team of experienced engineers works relentlessly to deliver on time customer orders, and rigorously to prolong the lifecycle of every component, according to OEM specifications, for heavy duty mining equipments such as Caterpillar®, Komatsu®, Volvo®, Liebherr®, and more.

## BENEFIT OF COMPONENT REBUILD CENTER

### Component Service Exchange Program (PEX)

We have in stock components ready to send, and take your core unit and credit.

### Commissioning & Warranty

For all the rebuild and repaired components we provide on site commissioning and warranty

### Full PCR Machine Program

Our rebuilds department is fully equipped to rebuild all types of mobile mining equipment, up to zero hour rebuild.

### Repairs Services

We provide repair services for your components, including the inbound and outbound logistics from your mining site.

### 24/7 Field Service

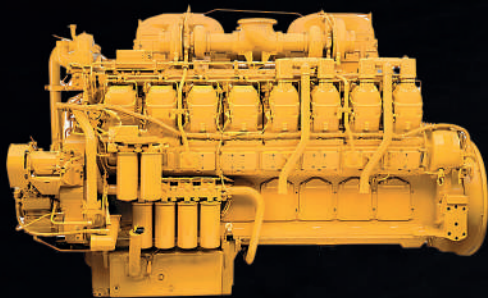

Our field service team can be outsourced to your mining site for troubleshooting, repairs and breakdowns, condition monitoring, and preventing maintenance

### Hydraulic Pumps & Motors

We specialize in repairing & maintaining pistons, gears, vane pumps and hydraulic cylinders.

# COMPONENTS

# SPARE PARTS

We offer an extensive selection of mining and construction machinery **genuine parts**, from global OEM's such as **Caterpillar®**, **Volvo®**, **Komatsu®**, **Hitachi®**, **Terex®**, **Liebherr®**, **MTU®**, **Sandvik®**, **Epiroc®**, **Cummins®**, **John Deere®**.

We also provide **premium aftermarket parts**, thanks to our dedicated and highly **specialized Sourcing Team**, ensuring high performance, reliability and cost savings, with **warranty**

# GETS & UNDERCARRIAGE

Our design, production and quality control, is meticulously handled in the **most advanced foundry** to ensure robustness and durability.

**Our steels maximize the hardness-toughness** challenges thanks to their top quality and by the enhanced heat treatments.

**Our major advantage** is that our **teeth and adaptors are ready to fit** in any blades, without the need for changing them.

Our **Undercarriage Components** are well tested in the toughest mining conditions.

We focus on durable, **high-quality components** that **reduce downtime** and maintenance **costs**.

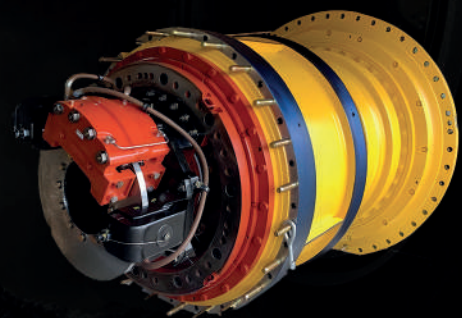

# DIESEL ELECTRIC PARTS & COMPONENTS

GoGlobal Mining tackles another challenge with high demand in the Mining Industry for diesel electric spare parts and components for electrical equipment such as **wheel motors, traction motors, rotors, alternators, generators, blowers**, and more.

We cover both genuine and OEM parts, in addition, we collaborate with reliable partners to source proven aftermarket spare parts, ensuring cost-effective and efficient solutions for our clients, for major brand models like:

**Komatsu®** 730E/830E/930E/980E **Terex®** MT3300/MT3700/MT4400  
**Hitachi®** EH3500AC-3/EH4000AC-3/EH5000AC-3 **Caterpillar®** 794/796/798

And **EMD** and **GE Diesel Electric Locomotives**.
