Services

Public Fundraising

We support the company to submit a winning bid with a tailor-made package of services.

Private Fundraising

Our position allows us to network with investors and stakeholders to structure and close Seed and Series A rounds.

Tech Transfer

We accompany our clients through the whole technology transfer process, from initial review through closing, to maximise the potential income.

Strategy Consulting

We provide consultancy and professional strategic advice for institutions and corporations.

Market Access

We analyse the product environment, gain insights on payer requirements, and determine the evidence to be gathered for a successful market launch.

Technology Portfolio Evaluation

Technology portfolio evaluation services based on internationally recognized methods. We help our clients create shareholder value through open innovation strategies.
