OUR *MISSION*

OUR VISION

Building for the future should never be without security and peace of mind.

OUR MISSION

We ensure a continuous and safe way to build the future.

IN OTHER WORDS...

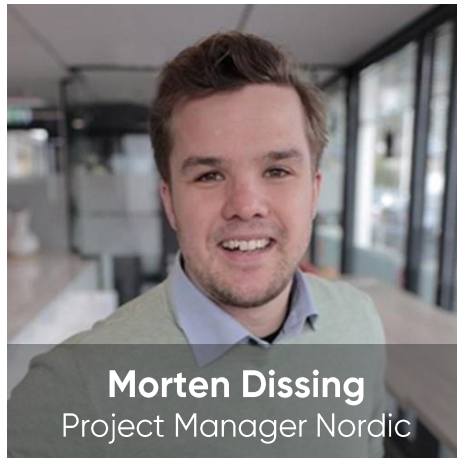

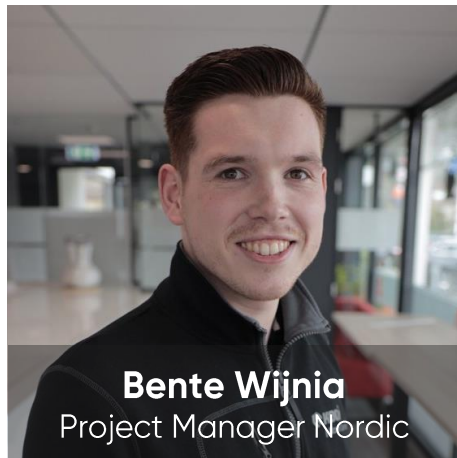

We keep watch so that you and your employees can feel secure and trust in the safety.

OUR NORDIC *TEAM*

- > OUR TEAM

KOOI

We work together to create a safer society, without the obstacles that put construction projects on hold. A better world where monitoring is easy and reliable.

SURVEILLANCE FOR ANY CONSTRUCTION SITE

Best Quality – Europe’s Leading **Specialist** in Construction Site Monitoring

No unnecessary false alarms or costly security call-outs. With +6,000 mobile systems, we’ve refined EVERYTHING!

Kooi Alarm Center

Direct intervention from our 24/7 Alarm Center causes 99% of unauthorized persons to leave the site immediately.

No surprises!

Fixed all-inclusive rental price, including monitoring, service, support, free security call-outs, and relocation.

Fastest Response Time

9 seconds! We have Europe’s fastest response time because we specialize in monitoring only our own systems.

Next-Day Delivery

With local warehouses in Denmark and the rest of the Nordic region, our systems are always in stock. If the site lacks available power, we also provide sustainable power solutions.

Close Contact

You’ll have dedicated project managers who maintain close contact, report, advise, and ensure the system is functioning properly.

AI alarm filtering software automatically reduces 95% of false alarms.

Kooi ‘controller’ checks all system functions every 10 minutes, ensuring 99% uptime

European quality cameras with over 3 days of battery backup in case of power failure

Live view, alarm reports via the Kooi app, so you always have an overview

In fact, we had another offer from a competitor that might have cost less. But with Kooi, we know exactly what our expenses are.
