Company Introduction

Dialect was founded in 2020 with the aim of delivering high-quality translation and interpreting services. We prioritize professionalism and uphold rigorous quality control measures to consistently deliver accurate and reliable outputs. We provide translation services to over 200 companies from around the world. As our company has grown, we have expanded our service portfolio to include localization, graphic services, language consultancy, and Czech market business development, ensuring that our customers receive a complete range of services.

Certified Translations

Our services comprise certified translations of both physical and digital documents, as well as interpretation services, often crucial for contracts, court proceedings, birth certificates, and more. Additionally, we offer services such as apostille and notarization to further facilitate your international ventures.

Our services include:

- ✓ Sworn / Certified Translation
- ✓ Notarization
- ✓ Apostille and Legalization
- ✓ Sworn / Certified Interpreting Services

Interpreting Services

We provide a wide range of professional interpreting services to meet your communication needs. Whether you require language support for business meetings, video conferences, or other settings, we have you covered. Our services include the full range of the interpretation equipment, sound engineering and technical support.

In-Person

DTP, Graphics & Multimedia

From graphic design, electronic typesetting, prepress prep to output data for printing, we provide a full array of services to meet your diverse needs.

Our graphic and multimedia package includes subtitle creation, desktop publishing, design editing, transcriptions, multimedia localization, content crafting, and copywriting.

We aim to enhance your brand, ensure effective communication, and engage your audience.

Business Development

Unlock the potential of the Czech market with our comprehensive business development and advisory services.

- ✓ Market Analysis and Research
- ✓ Local Partner Selection & Verification
- ✓ Business Consulting, Setup, and Process Outsourcing
- ✓ Legal Consulting & Secretarial Services

Translations and Localization

We offer professional translation services utilizing Computer-Assisted Tools (CAT) and prioritizing terminology management.

Our services encompass website and app localization, taking into account cultural nuances, and include proofreading by native speakers.

Our approach is modern and innovative, incorporating the use of AI technology, with translation and proof-reading performed exclusively by native speakers.
