

MATERIALEDGE GROUP PTY LTD

THE BRIDGE TO SUCCESS

ACN: 683 902 847 | ✉ materialedge@materialedgegroup.au | 🌐 materialedgegroup.au

Who We Are

Material Edge Group is an Australian provider of advanced modular, prefab and Modern Methods of Construction (MMC) solutions. We specialise in sustainable, low-carbon building systems and integrated project delivery.

What We Offer

- Modular building systems for residential, commercial and community infrastructure
- Prefabricated structural and architectural components
- MMC solutions designed for rapid deployment, quality control and environmental performance
- Circular economy and resource-efficient construction methodologies

What We Seek

- EU manufacturing and technology partners for joint development and supply
- Collaboration with public and private stakeholders on reconstruction initiatives
- Strategic partnerships focused on sustainable rebuilding in the EU, US and Ukraine

Use Cases

- Affordable and resilient housing solutions
- Social and community infrastructure (schools, clinics, workforce housing)
- Rapid deployment projects in response to reconstruction needs

Target Markets

EU | United States | Ukraine reconstruction programmes
