MULTI-MODAL TRANSPORT

Various choices that fits your needs

Railtrans L.L.C., transports from normal shipments, containers, to heavy/overweight goods (such as agricultural machinery, trucks, buses, military machinery) as well as massive loads.

We offer a variety of transportation methods, including containers, block train, transport by truck, shipping line and airline line.

Whether any import or export outbound transport has many options when lower cost can be achieved across reliable and precisely executed transport diversification, we are ready to apply such savings while maintaining the methodology that fits you.

Railtrans L.L.C. provides reliable, cost-effective solutions at the lowest cost to customers through the possibility of transport diversification.

Good co-operation with railways, truck companies, shipping lines, loading and unloading companies and various partners guarantees high reliability of freight transport between China and Western Europe.

We offer container transportation services through the Port of Thessaloniki (Greece), the Port of Durres (Albania) and the Port of Tivar (Montenegro) from the regions of America, Asia and Africa by sea transport directly to the final destination in Kosovo.

ROAD TRANSPORT

We ensure correct and reliable organization of complete and groupage shipments, as well as special loads (with overload, hazardous goods).

Railtrans L.L.C. with its trucks and through its partners - transport companies, carries out the international road transport of 1 to 24 tons, for the member countries of the European Union and other countries.

GROUPAGE TRANSPORT

Railtrans opens the way of linking all states to the European network and Turkey to Kosovo departing twice a week.

GROUPAGE TRANSPORT FROM TURKEY

Istanbul – Prishtina

- Departing twice a week
- Transit time: 2-3 days.

GROUPAGE TRANSPORT FROM ALBANIA

Tirana – Prishtina

- Departing twice a week
- Transit time: 1 day.

GROUPAGE TRANSPORT FROM CHINA - LCL

From all Ports of China to Prishtina.

- Departing every week
- Transit time: 40-45 days.

GROUPAGE TRANSPORT FROM EUROPE

Considering the needs of businesses for groupage services we are collecting goods through HUB warehouses in Austria, Germany, Italy, Hungary, Romania, Bulgaria, Greece and Slovenia from where we have regular weekly departure from these warehouses to **Prishtina, Tirana, Belgrade and Skopje.**

All shipments are stored in temporary housing in Railtrans customs bonded warehouse in Prishtina, which it can stay temporary up to 20 days or to do an immediate customs formalities and distribution.

These facilities enables us to give our fast and high value service for businesses who are importing and exporting their goods to designated countries. By using our warehouses, our trucks and doing regular weekly shipments, we have enabled a warehousing network solution with high quality services for our clients.

RAILWAY OPERATOR

Since 2017, Railtrans J.S.C. started its operations as the first private rail operator in our country and in the region.

With wide-standing knowledge in the railway sector, we are confident that our offer on the market is more attractive to companies related to this type of transport.

We are specialized in transporting normal shipments, full trains, mass deliveries and that of:

- Containers through the Port of Thessaloniki (Greece), Port of Bar (Montenegro) from/to countries of Southeast Europe.
- Fuel transportation (diesel, gas etc.);
- Mineral transportation, and
- Transport of grains. .

Good cooperation with railways in the region, our capacities in road transport of sea-going partnerships, loading and unloading companies and other partners in the logistics chain guarantee high reliability of freight transport either from Asian countries, Western Europe, or countries in the region.

Railtrans L.L.C. provides cargo wagons for transport of various goods from/to Kosovo, based on the type of goods.

Also, we combine rail and special rail trains for customers who are oriented to different industries in Kosovo and the European continent.
