

Let's turn your dreams into a solution

Net Group is your partner in consulting, data analyzing, software development, and implementation. The goal is clear – to create software solutions and products that change users' lives, and level up your country's digital services. Just bring your digital society ideas and let's turn them into a solution.

The roadmap to highly functional digital solutions is

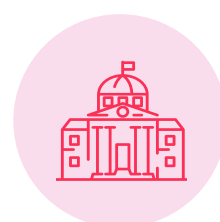

Plan

Growth Plan

Let's ask the right questions vital for your digital growth, analyze your current situation, and then develop a roadmap for future action points.

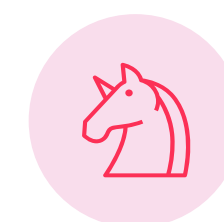

Execute

Software Development

Be it a robust or single-purpose digital system, we got it. We do code and UX/UI, to turn your dreams into a solution

Scale up

Product Development

You know your country; we know how digitalization goes. Let's work together and turn a solution built for you into a global standard.

Time to build your digital society. Together.

Our passion is to deliver solutions that make your citizens' everyday lives easier. We have done it before with building solutions for:

Education

We are Net Group

With over 20 years of global experience and highly qualified engineers and developers, we can deliver any size of project.

And not only do we create value for our clients, but we turn the software solutions into stand-alone products. As a proof in EMEA area our NPS score is 85 and more.

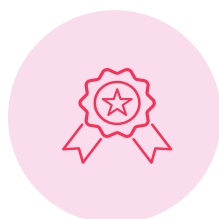

To put it simply – we are your digital transformation partners.

We have a total of 120+ people in Estonia, Finland, the Netherlands, and Tanzania

Our values

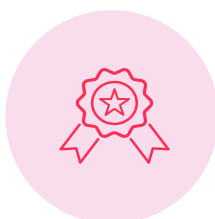

Mastery

Being the best requires constant self-development and eagerness to learn new things. Self-development is what motivates us and makes our eyes shine!

Ambition

We dare to step out of our comfort zone and accept challenges to move toward our vision.

Caring

We care about our people, our customers, and the environment around us. Our daily work is based on people-to-people cooperation and transparent communication.

We are committed to supporting our clients' success.
