WHY WEELO

We want to make life easier for those who ride a bike.

But we also aim to encourage those who haven't yet gotten on the saddle.

Because, in our view, cycling is always a good idea!

We want to make every urban area orderly, accessible, and green.

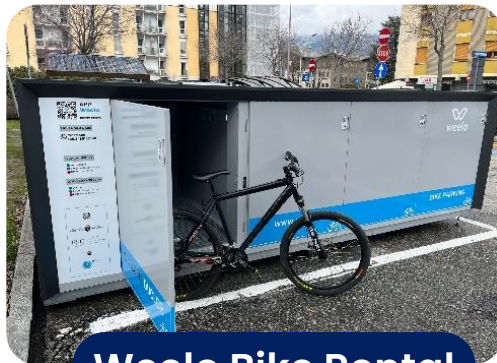

Safe parking, smarter cities, and next-level bike logistics – a simple idea with a revolutionary impact. Just like the bicycle.

Weelo MULTIFIT

Bike parking and last-mile logistics

BIKE LOGISTICS

The Last-Mile Logistics Revolution

Weelo MULTIFIT* is the integrated solution for sustainable last-mile logistics.

Park your bike, rent it, and deliver parcels with a cargo bike—all within a single modular structure.

Weelo MULTIFIT was a **finalist, among more than 400 projects**, in the ***Innovation Award*** category at the 2025 **World Smart City Awards** during the *Smart City Expo World Congress* in Barcelona.

WEELO SERVICES

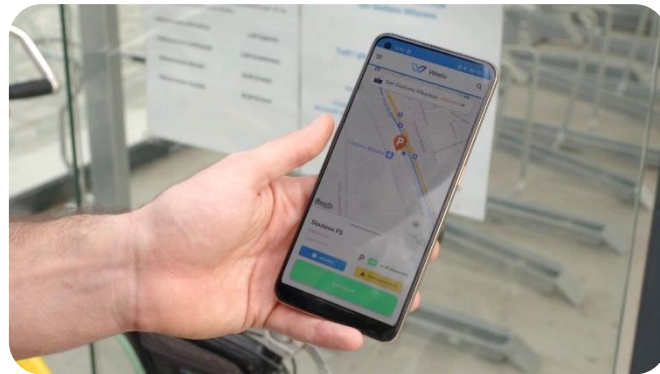

Additional Services

Weelo Customer Care

To support users, we have established a **Customer Care** service that responds in real time via **WhatsApp** and a dedicated phone line.

Because Weelo is a service, not just a parking solution.

WeeloAPP

The **Weelo App** is the key to our national network of smart two-wheel mobility services. It redefines urban mobility, **making it easier than ever to park or rent a bicycle**—quickly, conveniently, and cost-effectively..

GET IN TOUCH

Join the ride. Shape the future with us.

We have set out on a journey towards a more sustainable future, rethinking urban spaces and the way people move every day.

We help public authorities create safer, more liveable and more connected communities through innovative cycling infrastructure and digital mobility services. Every project we deliver is driven by the same goal: making cycling a natural, accessible and trusted choice for everyone.

Do you share our vision?

Let's start your next project.

CONTACT US

Saddle Up and Ride with Us!

We've started a ride towards change: urban, sustainable, and shifting transportation habits.

We invest in the well-being of citizens by redeveloping public spaces and rethinking urban mobility, offering services that foster trust, sharing, and safety among people. For us, this is a goal we strive for every day.

Do you share our vision?
