CorpStage Consultancy

CorpStage Consultancy Services delivers tailored ESG and sustainability solutions to empower organizations in integrating sustainable practices into their core strategies. With a team of experienced consultants and thought leaders, the service addresses key challenges such as ESG strategy development, stakeholder engagement, regulatory compliance, and reporting alignment. By combining in-depth assessments with innovative frameworks, CorpStage ensures clients achieve measurable progress toward their sustainability goals while enhancing operational efficiency and competitive advantage. The consultancy supports businesses across industries in navigating complex ESG landscapes, driving impactful transformations, and building long-term resilience.

CorpStage ESG Auditing

CorpStage Audit Services offers comprehensive ESG auditing solutions to help organizations assess, enhance, and validate their sustainability performance. These audits are designed to evaluate a company's adherence to environmental, social, and governance standards while identifying gaps and opportunities for improvement. Leveraging advanced methodologies and global best practices, CorpStage ensures that audits are not just compliance exercises but strategic evaluations aligned with business objectives. The service includes rigorous assessments of ESG data, processes, and impact metrics, providing actionable insights to strengthen sustainability initiatives, improve stakeholder confidence, and meet regulatory requirements.

CorpStage Academy

Training & development, capacity building and training for certifications

CorpStage Academy is dedicated to equipping professionals and organizations with the knowledge and skills needed to excel in ESG and sustainability domains. It offers a wide array of training and capacity-building programs, including certifications that help participants deepen their understanding of ESG principles, sustainability reporting, ESG audits and effective implementation strategies. The Academy focuses on foundational, intermediate, and advanced levels of expertise, ensuring tailored learning experiences for diverse audiences. Through interactive workshops, live courses, and hands-on guidance, it bridges the gap between theoretical concepts and practical application, fostering a workforce capable of leading sustainable transformation within their organizations and industries.

OUR FOUNDER AND CEO

Dr. Nisha Kohli is a seasoned professional with over 23 years of experience in consulting, training, and managing finance functions within multinational and private organizations. Driven by a passion for making a significant impact in the sustainability and entrepreneurship ecosystem, she has dedicated her career to creating sustainable values and advising companies on ESG management and reporting.

As the CEO and Founder of Corpstage, Dr. Kohli leads a consulting firm that focuses on global frameworks such as ISSB S1 S2, BRSR, CSRD and CDP. Her mission is to guide companies in making new commitments to sustainability with profitability as a core strategy. She believes that corporate sustainability is increasingly complex and necessitates collaboration within and outside organizations to address global issues holistically, building investor and customer trust and positive reputation for the company.

In recognition of her outstanding research in the field of Corporate Governance, Dr. Kohli was awarded the Corporate Governance Research Scholar award in 2008 by the International Corporate Governance Network. Since then, she has contributed significantly to the field through the publication of case studies and research articles in internationally refereed journals such as the International Journal of Disclosure and Governance, HBSP, Richard Ivey, Cambridge, among others.

Dr. Kohli's expertise extends to working with a diverse clientele, including prominent organizations like L&T Ltd, CIMB Bank, Sinco Shipping, Places of Impact, DBS Bank, SBI, Singapore, Maritime Port Authority Singapore, Asahi Tech, JSW Foundation, Raymond, Bharti AXA, SIEF Hong Kong, Paycode (South Africa), Indian Oil, Maruti, Swarovski, Punj Lloyd, NHPC, and more.

Selected Highlights of Dr. Kohli's work include:

- TCFD and Climate-Related Consulting Implementation.
- Successfully implemented TCFD in a Japanese engineering business, analyzing 25 risks under two scenarios and setting CO2 reduction targets.
