ABOUT US

We are two businessmen who for years had the difficulty of expanding certain business areas.

Then we discovered Albania: a Business-Friendly Environment, where we discovered so many opportunities and relocated parts of our activities. Thanks to our direct experience, we can now offer complete support to all the international companies that want to explore the great potential of this country

WHAT WE DO

SERVICES

Relocation of personnel.

DEFINITION

Moving the entire manufacturing process of a product/service or some of its stages to other countries to gain competitiveness.

SERVICES

We offer comprehensive support to all companies through numerous services:

**ASSISTANCE IN
OPENING A
NEW BRANCH**

**SEARCH AND
SELECTION**

**DEDICATED
WORKSTATIONS**

**TECHNOLOGY
OPTIMISATION**

**TRAVEL
ORGANISATION**

**SUPPORT FOR
EVENT PLANNING**

Customers who come to us only have to tell the new staff what they have to do - we take care of the rest.

NEW BRANCH

Opening a new branch represents the first step towards strategic expansion, allowing your company to benefit from a young and dynamic labor market.

Establishing a new branch offers the opportunity to leverage fresh and innovative human resources. A young labor market is more flexible and encourages the adoption of new technologies.

A local presence improves logistical operations, enabling more personalized customer service. Expansion strengthens brand awareness and the company's reputation on a global level

SEARCH AND SELECTION

Our selection service allows you to search for your ideal candidate, by precisely defining all the soft skills and hard skills needed for the **right match**.

Through a structured screening and interview process, we select qualified professionals in various sectors. We offer an updated database of talent ready for new opportunities.

ADMINISTRATIVE PERSONNEL

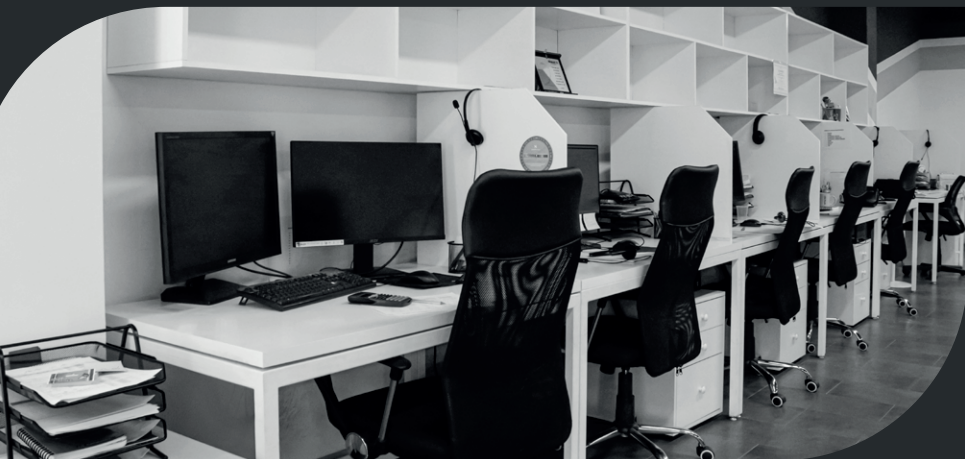

The presence of specialised administrative professionals makes it possible to organise and monitor all key activities, from human resources management to financial and bureaucratic aspects.

We guarantee efficiency and precision in daily operations, thanks to our experience.

COWORKING SPACES

Coworking is a shared space where professionals and companies work using common infrastructures

Inside our offices you can accommodate the staff of your choice, already having all the working tools necessary for full operation (desks, PCs, internet, telephones, etc.).

ADVANTAGES:

Reduction of capital investments

Access to new markets

Reduced personnel costs

Operational flexibility

Risk reduction

A country with a high percentage of young professionals
