

#EU4Algae

## Save the date EU4Algae Webinar Series

### Towards a Roadmap for the EU Algae Industry

6 June 2025 | 10h to 12h (CET) | Online

#### EU4Algae Webinar Series: Towards a Roadmap for the EU Algae Industry

Friday, 6 June 2025 - Online

One of the key outputs of EU4Algae over the coming months will be a **unified and comprehensive roadmap for the overall EU algae industry as a promising contributor to the EU Algae Initiative and the EU Green Deal**.

This **interactive webinar** will explore the industry's status and identify a vision for the future and the steps necessary to achieve it. While business is central to the development of the roadmap, the additional EU4Algae themes of **governance, research and awareness** will also play an important role.

We warmly invite **all relevant stakeholders** to join this session and provide input.

#### Agenda highlights:

1. Welcome and introduction to the EU4Algae industry roadmap task
2. Report on previous roadmaps (e.g. Seaweed for Europe, French roadmap)
3. Key findings: Study to support a Sustainable EU Algae Industry
4. Seaweed business outlook
5. Microalgae business outlook
6. Breakout session 1: envisioning the future of the EU algae industry
7. Breakout session 2: steps to develop the EU algae industry
8. Closing remarks
