BORDEAUX WINES

Château Cailleteau Bergeron has been a family winery since 1933, located in Mazion, in the **Blaye Côtes-de-Bordeaux** appellation.

Our proximity to the Gironde estuary guarantees mild temperatures in summer and cool temperatures during the harvest from September to October.

For almost 100 years, generation after generation, the Dartier family has been producing high-quality, easygoing red, white and rosé wines.

In 1992, Marie-Pierre and Pierre-Charles Dartier (brother & sister) took over the family estate from their parents. Since then, the vineyard has grown, new grape varieties have been planted, the winery and tasting room have been modernised, and new markets have been conquered.

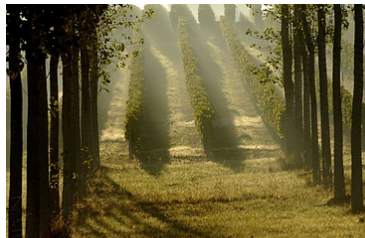

50 hectares

Stainless steel tanks
Concrete tanks
Oak barrels
Amphora

25 export countries

For several years, we have been committed to sustainable agricultural and environmental practices.

This commitment was officially affirmed in 2013, when we joined the **Terra Vitis** charter.

In 2021, Villa Cailleteau rosé, L'Essentiel (no added sulfites) and Château Clos Mansio were certified **organic** by ECOCERT. Since 2024, our whites and sparkling rosé have been certified.
