Why JEOMED?

High-Performance Actives

We use high concentration ingredients for visible, effective results.

Clean Formulations

Minimal, skin-friendly, and trustworthy ingredients.

Proven Efficacy

Tested and approved by both users and professionals.

Affordable Quality

Premium results with cost-effective solutions.

Consumer Satisfaction

Constant improvement driven by real user feedback.

Jeomed & Jeopharma Trust

25+ years of experience and strong brand recognition among healthcare professionals.

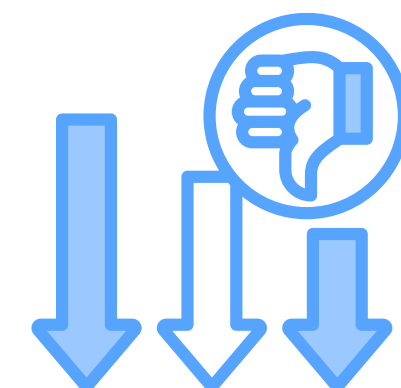

What we offer

**Mid>High
Segment
Production**

We offer anti Demodex, antibacterial, and antifungal dermocosmetic and treatment support products, backed by clinical studies and recommended by dermatologists and ophthalmologists.

What we avoid

**No Low
Quality
Shortcuts**

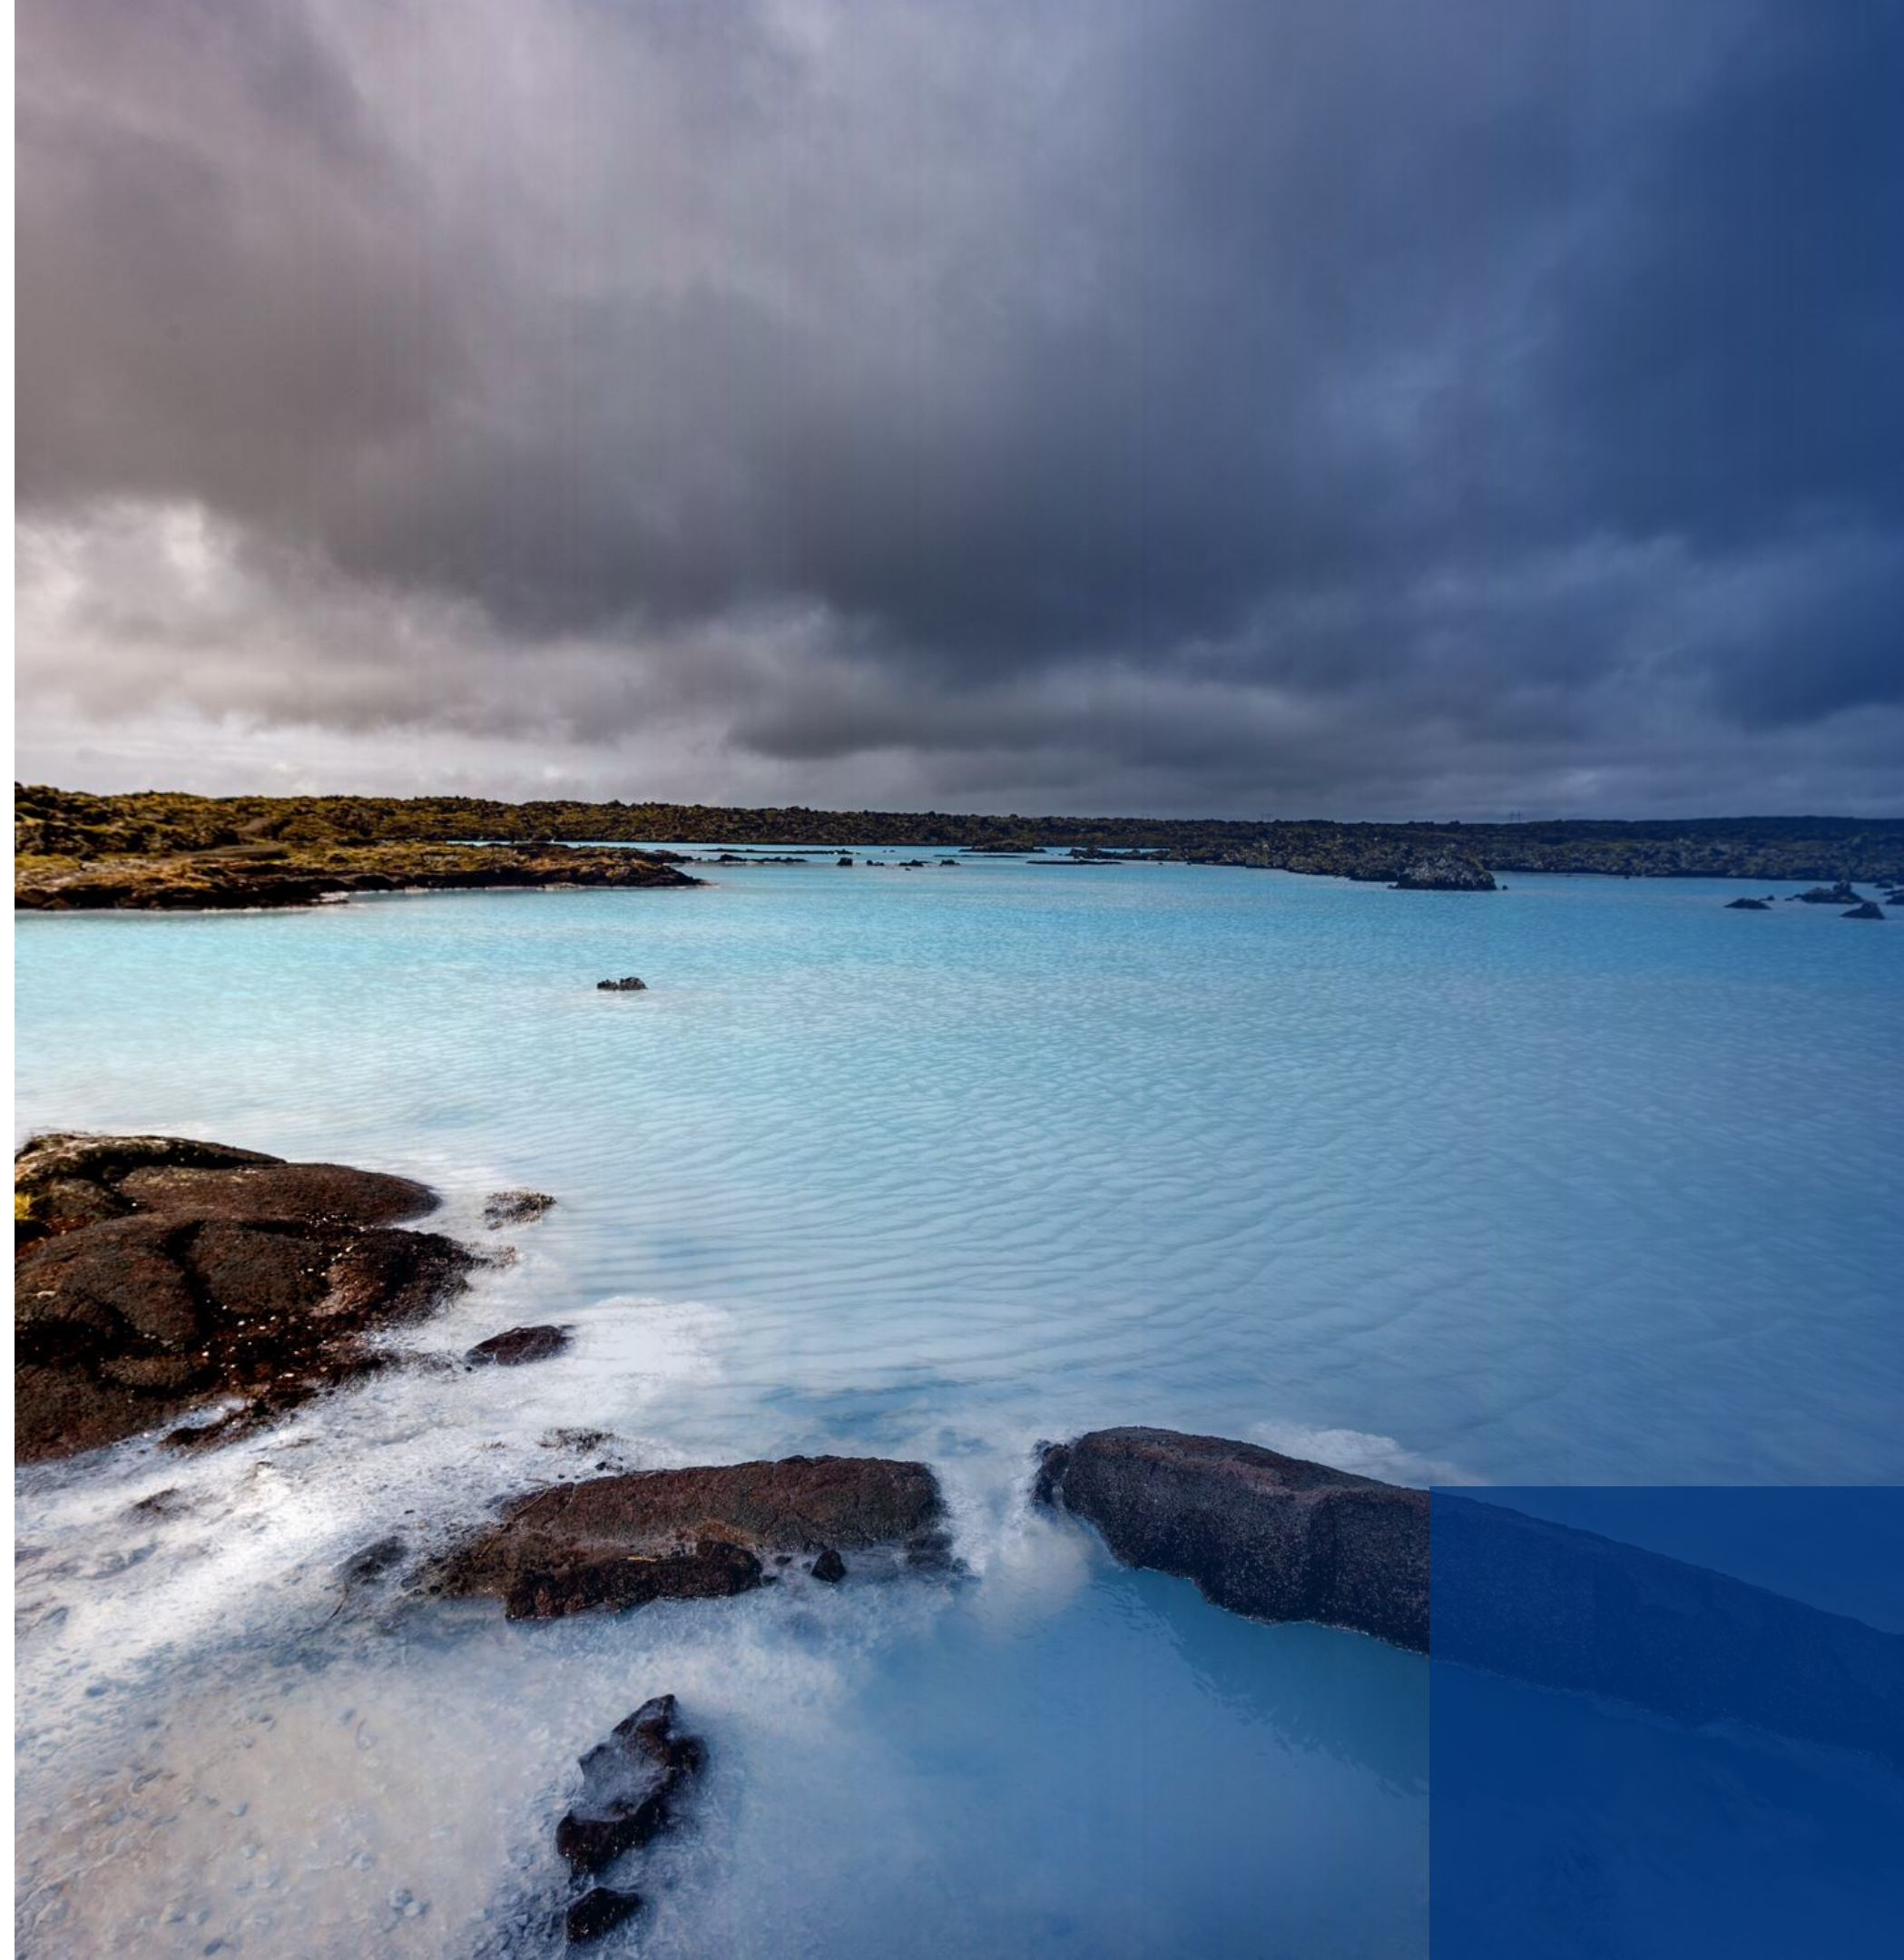

We do not produce low-quality, cheap products that may harm the skin barrier or pose risks to human health. Our focus is on creating safe, scientifically backed solutions that prioritize both effectiveness and skin integrity. All our products are hypoallergenic, non comedogenic, and designed to support the skin's natural balance.

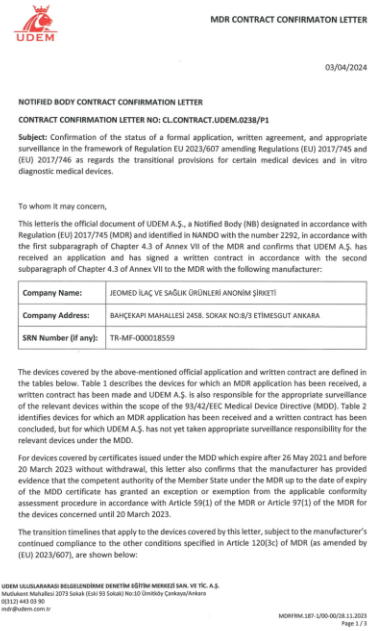

Vision

To become a leading global brand by providing scientific and innovative solutions in the dermocosmetics and healthcare sectors.

Mission

To develop reliable products formulated with natural and effective ingredients, clinically tested, and provide the best solutions to healthcare professionals, particularly dermatology and ophthalmology experts, as well as consumers.

Our Certifications

The quality of our products is certified by international standards such as FDA, CE, and ISO. Additionally, as Türkiye's first and only domestic lens solution manufacturer, we export to over 50 countries with our extensive product portfolio, including Blefaritto Lens Solution.

Our Marketing and Sales Strategies

With our team of over 70 medical sales representatives across Turkey, we conduct regular product promotions and informational activities for dermatology and ophthalmology specialists.

Our products are distributed to all pharmacies in Turkey through pharmaceutical wholesalers (Selçuk, Hedef, Alyans, BEK, GEK, Sancak). Additionally, over 700 pharmacies serve as authorized distributors of our products.

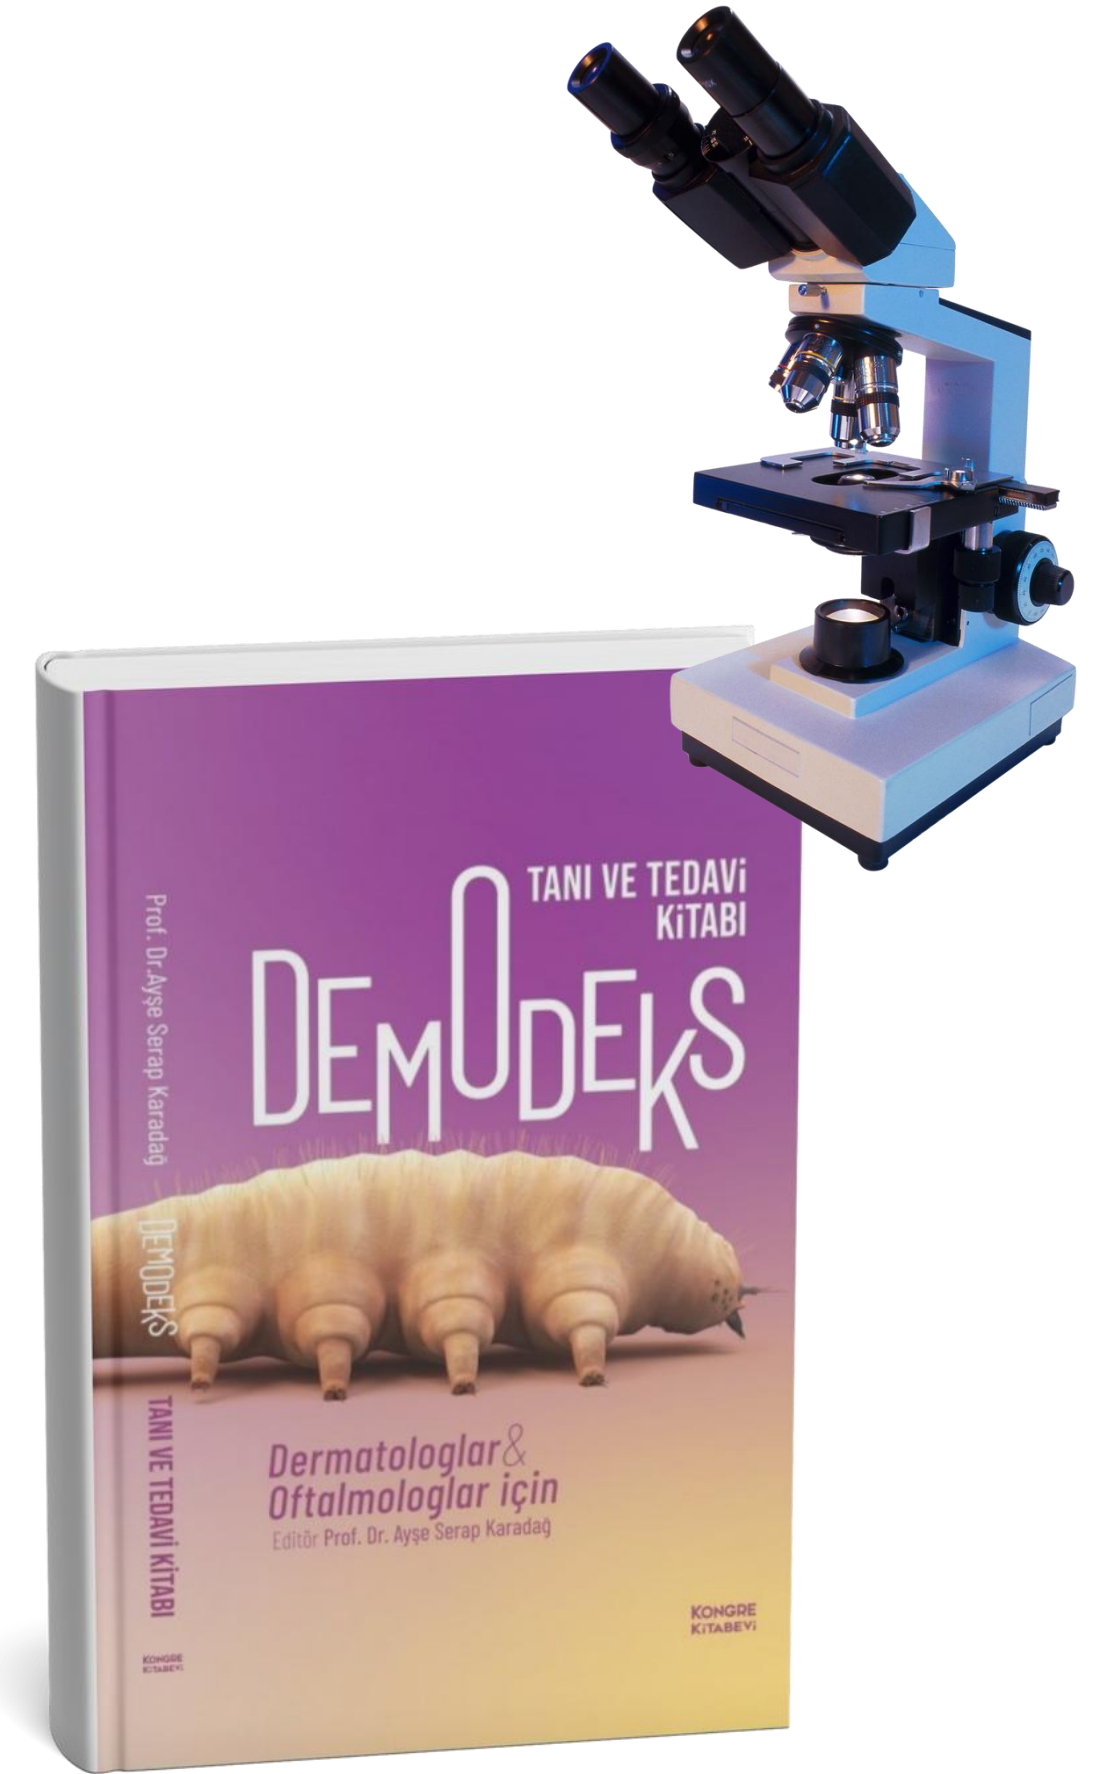

Our Marketing and Sales Strategies

We provide sponsorship support for global and leading medical and cosmetic congresses in the fields of dermatology and ophthalmology. To stay closely updated on industry developments, we actively participate in these congresses.

We contribute to scientific research by providing over 1000 microscopes to doctors.

At the congresses, we present booths, presentations, satellite symposia, promotional materials, and informative publications related to our scientific studies. Through these congresses, we promote our products and establish direct communication with industry experts.

JEOMED BIOTECHNOLOGY LLC

TTO Thermal Skin and Body Care Series

TTO Thermal is formulated with organic tea tree oil and thermal water, offering skin cleansing and therapeutic care. It provides deep cleansing in problematic areas of the skin while supporting skin health with its healing properties.

TTO Clinic Skin and Body Care Series

TTO Clinic Series is formulated with high-quality ingredients and offers solutions for every need. Natural components such as organic tea tree oil, thermal water, vitamins, and minerals ensure your skin is nourished and protected in the best possible way.

The ingredients of our products are scientifically tested for efficacy, chosen to provide safe and effective results. While gently caring for your skin, they deliver long-lasting effects with high quality and reliability.

TTO Clinic Serums and Sunscreens

TTO Clinic Serums and Sunscreens are formulated with high-quality ingredients to provide deep effects in skincare. Serums containing organic tea tree oil, thermal water, vitamins, and antioxidants offer intense hydration and rejuvenating care for your skin. These serums, designed for every skin type, target skin issues and deliver effective results.

Our sunscreens with 50 SPF protection effectively shield your skin from harmful UVA and UVB rays. The tinted sunscreen provides a natural glow while offering high protection. All products gently nourish, protect, and give your skin a healthy appearance.

TTO SOFT Baby Care Series

TTO Soft Baby Series provides special care for babies' sensitive skin with products such as eye cleanser, hair and body shampoo, and body moisturizer. Formulated with organic tea tree oil and geothermal water, these products gently cleanse and moisturize the eye area and skin. They offer safe and effective care without harming babies' delicate skin.

Perfect compatibility even with atopic skin!

TTO TRX Sweat-Preventing and Body Care Products

Sweat-preventing products help control excessive sweating and provide a long-lasting fresh feeling to the skin. They also prevent body odor and discomfort caused by perspiration, keeping the skin clean and dry. Our moisturizing products are effective for skin issues such as strawberry legs and chicken skin, ensuring deep hydration and softness.

Both sweat-preventing and moisturizing products support your skincare routine, helping you achieve comfortable and well-maintained skin.

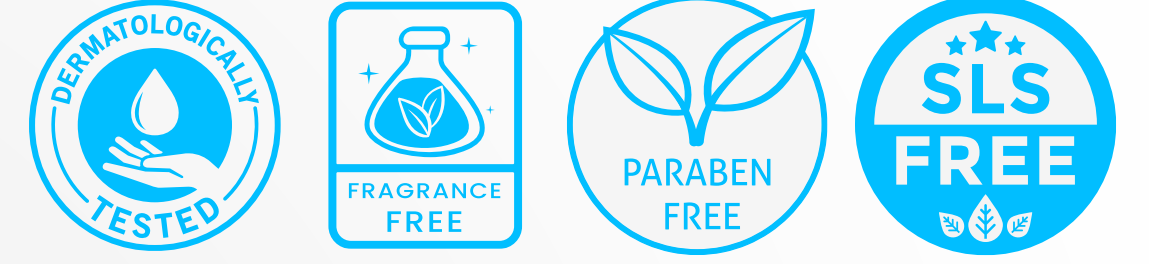

TTO Clinic Hair and Body Care Products

TTO Clinic Hair and Body Care Products help prevent hair loss and provide care for strong, healthy hair. They nourish hair roots, support collagen production, and contribute to stronger, shinier hair. These products gently cleanse the scalp and maintain oil balance.

Our body care products, including body oils and shower gels, ensure deep hydration, softness, and a healthy appearance for the skin. They nourish, smooth, and provide essential care. TTO Clinic products offer effective solutions for both hair and body care, providing excellent support for healthy and well-maintained skin and hair.

TTO Thermal Genital Care and Body Care Products

TTO Thermal Nail Care Solution is formulated with tea tree oil, a natural ingredient known for its effectiveness against issues like nail fungus. With its antiseptic properties, tea tree oil helps protect, strengthen, and restore the healthy appearance of nails.

TTO Thermal Genital Area Cleaning Products provide gentle care for sensitive skin. These natural ingredients carefully cleanse the delicate genital area, maintain the skin's pH balance, and nourish the skin. Our products offer a soothing and refreshing effect, ensuring comfort and care for sensitive areas with their natural formulations.

TTO Thermal Oral Care Products

TTO Thermal Oral Care Products are enriched with natural ingredients such as tea tree oil, propolis, Sambucus (black elderberry), and cold sore cream.

Tea tree oil targets bacteria in the mouth with its antiseptic properties, while propolis nourishes and strengthens the gums. Sambucus helps maintain oral hygiene, and cold sore cream aids in the healing of cold sores.

TTO X Series

TTO X cosmetics line offers a range of products tailored to each skin type, providing exceptional skin care support. The facial cleansing foams gently cleanse and deeply purify the skin, while the eye makeup remover foam is designed to be gentle on the delicate skin around the eyes.

TTO X Series

Lipstick products nourish the lips with their natural ingredients while offering vibrant colors.

Toothpaste provides effective cleaning against bacteria in the mouth.

TTO X Series

TTO X series, specially formulated for different hair and skin types, provides natural care with its rich ingredients.

Shampoos gently cleanse and nourish the hair, with special formulas tailored to meet every need, making them suitable for daily use.

We Produce For You

We offer solutions specific to your brand. If requested, our products can be produced specifically for your brand with a contract manufacturing model. We adopt a flexible and needs appropriate approach to formulation and packaging without compromising our quality standards in the production process.

Get Ready to See Our Products on Store Shelves Everywhere!

As a dermocosmetics leader with 23 years of expertise, we're now ready to make our products more accessible to consumers than ever before.

By leveraging our online sales momentum and expanding into physical retail, we're on a mission to become an integral part of our customers' daily lives.

With our cutting-edge formulas, FDA-registered products, and devoted customer base, we're confident in our ability to secure prime shelf space and drive sales through strategic partnerships with retailers and distributors.
