

LSEG

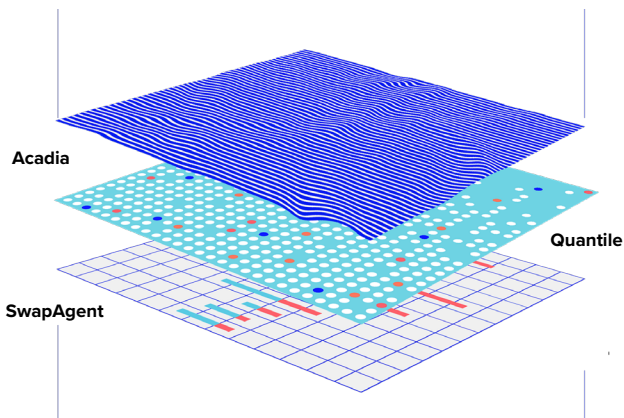

Post Trade Solutions

Post Trade Solutions brings together Acadia, SwapAgent and Quantile to streamline operations, reduce risk and improve capital efficiency for our customers. Individually, we are experts in our field. Together, we are changing post trade for the better.

WHERE WE'VE COME FROM & WHY

To help customers overcome their pain points, we have brought together three innovation businesses and have more innovations on the way:

TESTIMONIAL

"Post Trade Solutions is a great example of how LSEG is helping customers like us to manage risk, comply with increased regulations and optimise capital.

In consultation with Goldman and market participants, LSEG is seeking to import best practices and innovation from the cleared markets to the uncleared markets.

As a result, I expect that the industry will have much better tools at our fingertips to manage our risk as well as optimise our capital footprint."

OUR SOLUTIONS

We are better together. To simplify delivery and drive efficiency for our customers we have created **five new pillars**:

Streamline

Standardising margin and collateral workflows across a community of over 3,000 firms

Centralise

Providing a golden source of trade and agreement data and standardising portfolios on a central open-access platform

Optimise

Optimisation services which reduce counterparty risk, notional, margin and capital requirements

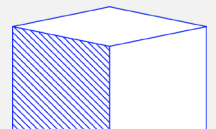

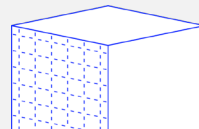

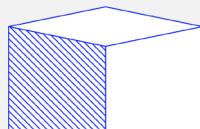

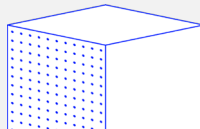

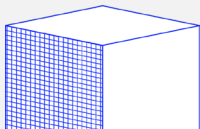

Analyse

Risk and data tools to aid compliance and gain a full, real-time view of your trade exposures

Advise

Tools and expert advice to help you implement solutions to tackle the complexities of OTC derivatives

CUSTOMER BENEFITS

Bringing the **benefits of clearing** to the bilateral space

Driving down the cost of capital to **boost trading capacity**

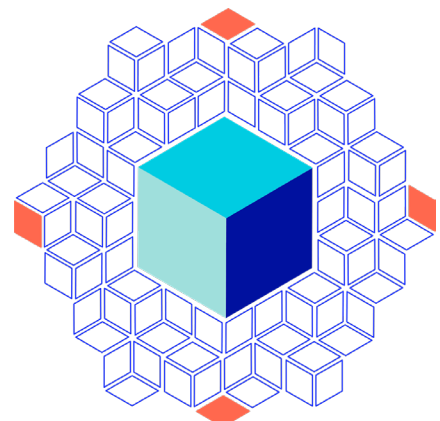

Providing **enhanced risk management** across the trade lifecycle

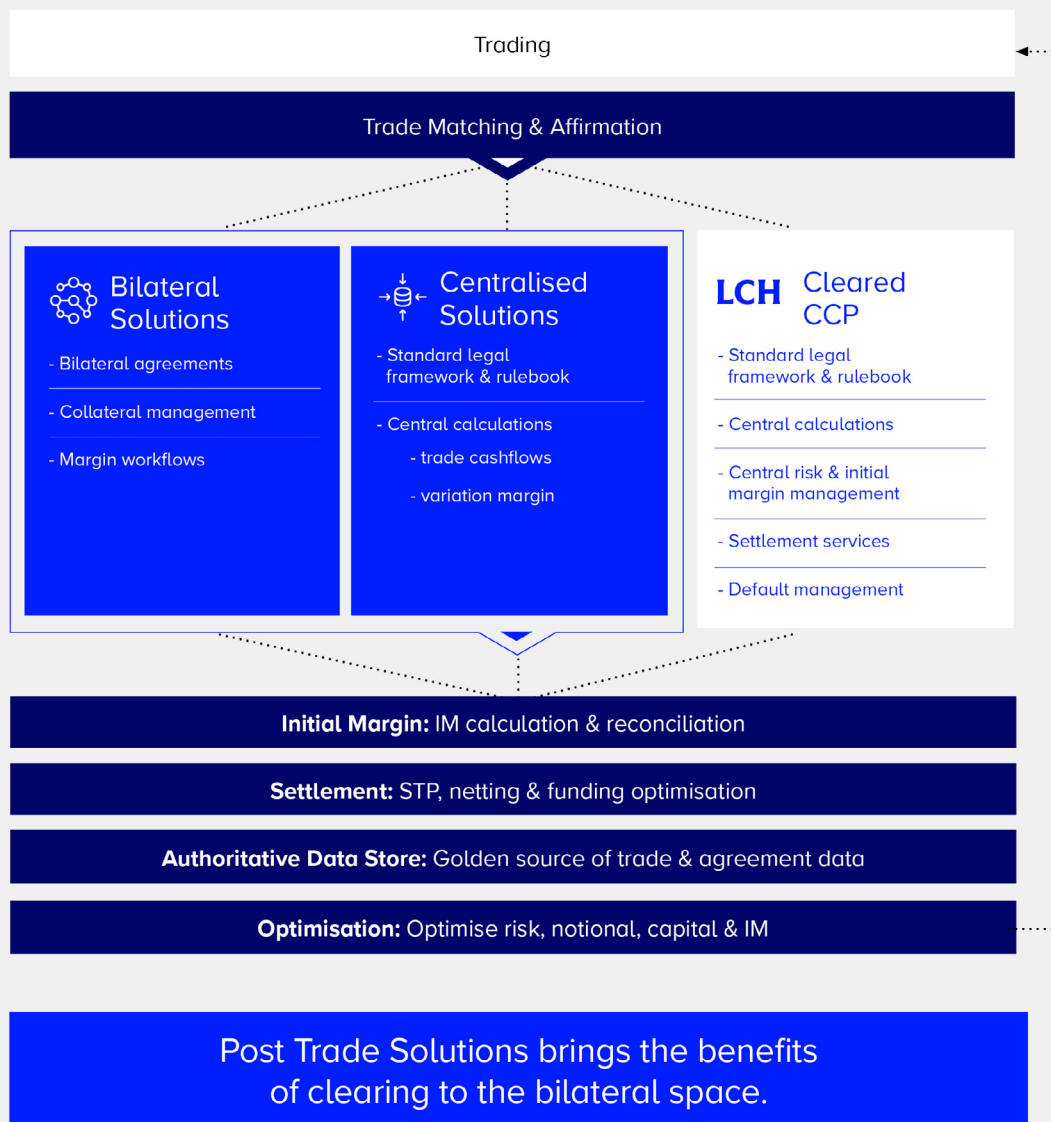

Delivering unparalleled **operational efficiency**

Enabling continuous **innovation through collaboration** with our customers
