Coher Sense – KISA Sensors

Compact 2-in-1 Sensor for Power & Wavelength

- Complex Sensing Applications or Applications with high demands on source quality/stability
- KISA sensors measure power & wavelength of lasers or similar sources (plasmas, FBGs,...)
- We offer options in the Si and InGaAs ranges, looking for expanding applications & wavelength coverage
- Team has 40+ years of photonics experience, KISA sensors are relatively new to the market, open for also publishing results in peer-review
