

Organic virgin walnut oil

The authentic taste of walnuts, pressed in accordance with the Périgord tradition, is found intact in this organic virgin oil. The oil thus retains all the taste and nutritional benefits of fresh fruit; it is naturally rich in Omega3 and contains omega 6.

Perfect for seasoning salads and raw vegetables (grated carrots, beets, etc.). It also perfectly condiments grilled vegetables, pasta, fish or more legumes (beans, lentils, etc.), adding a touch warm and fruity. In Périgord, we use it to spice up our soups.

Product ready for consumption.

Store away from light and avoid temperature variations.

Packaging 200 ml / 500 ml
