Save countless hours each week scheduling your employees and reduce the cost of labor

Employee scheduling
Save time and money with faster, simpler employee scheduling
Easily plan your day off with TeamPlanner! Use the Full Day Time Off feature to notify your team and enjoy a well-deserved break. It's quick, simple, and keeps everyone in the loop.

Backup employees
Guarantee operational continuity by designating backup employees ready to step in when needed. Ensure a reliable workflow

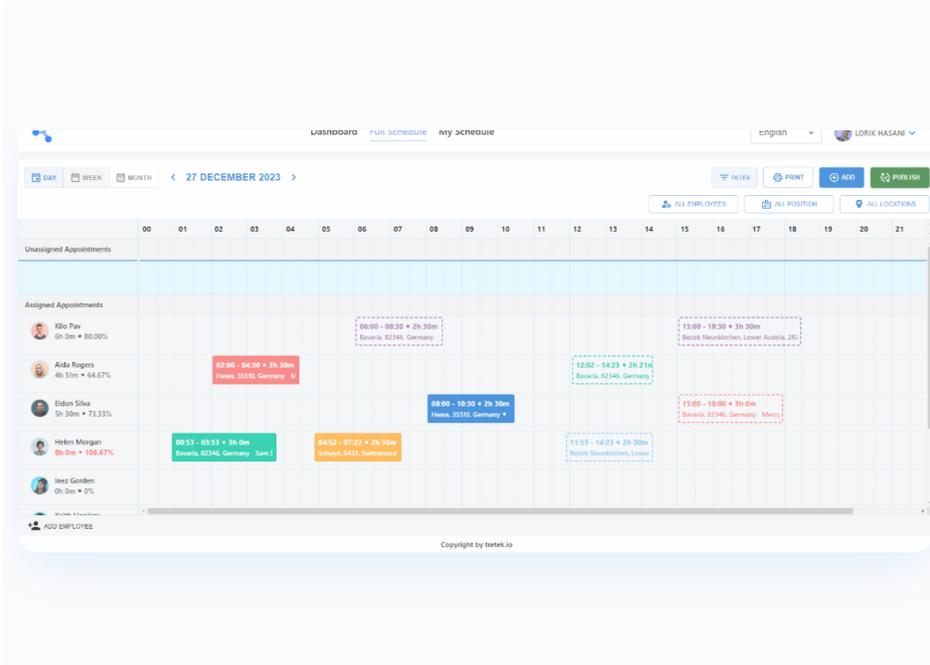

even in the absence of assigned staff.

Unassigned appointments

Keep track of unassigned appointments seamlessly when backup employees are unavailable.

Explore daily, weekly and monthly views of your schedule

Day View

Dive into daily details with ease, ensuring a focused perspective on your schedule.

Week View

Effortlessly manage your week's appointments and tasks.

Month View

Efficiently organize your month for a broader perspective on commitments.

Appointment

Elevate Your Schedule with Precision.

Timeoff

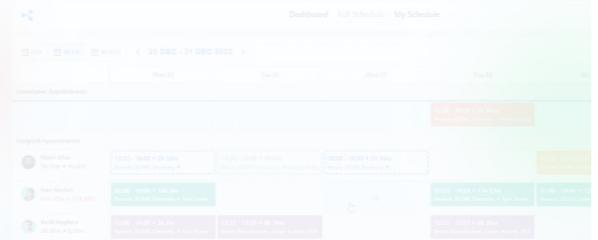

TimeOff for Effortless Breaks.

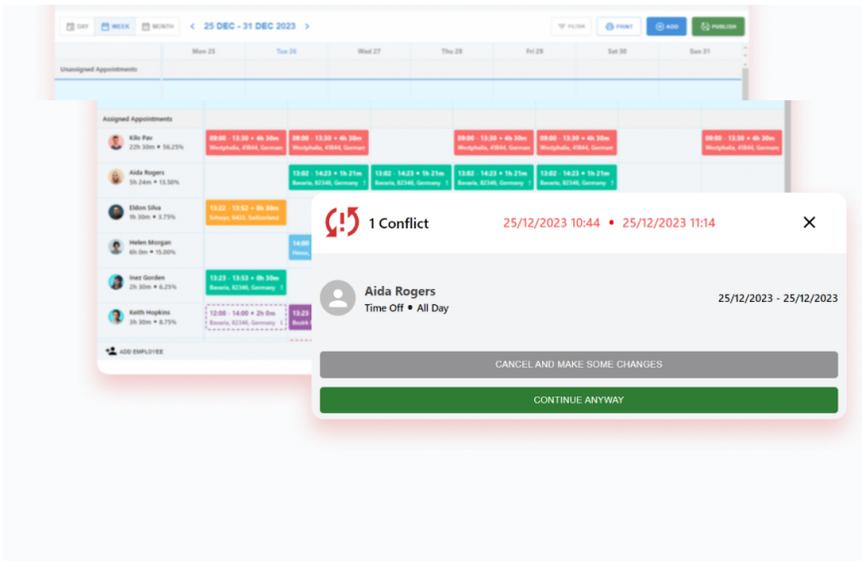

Add Appointment

Elevate Your Schedule with Precision and Ease

Experience precision in scheduling with Time Planner's Add Appointment feature. Tailor each appointment effortlessly by selecting the clock time, date, patients,

employees, backup staff, and location. Streamline your planning process and eliminate scheduling uncertainties with Time Planner's intuitive interface, ensuring a seamless and efficient appointment management experience.

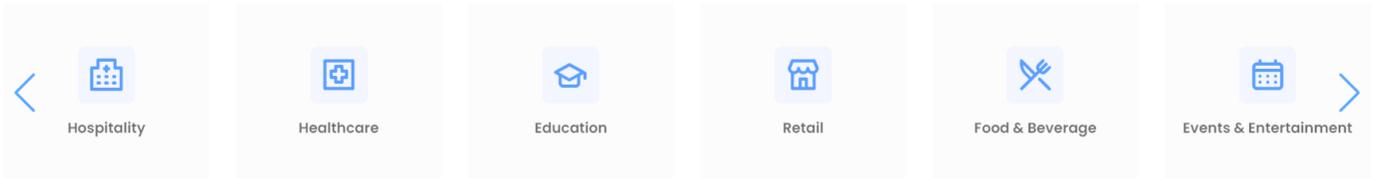

Effortless Work Scheduling

Ensure seamless scheduling with Time Planner - no more conflicts or hassles! Forget about manually recording staff availability; Time Planner tracks it effortlessly. Empower your team by letting them pick shifts that suit their availability. Effortlessly handle time-off requests and locate replacements with ease. Bid farewell to double-bookings and overlaps in employee schedules.

Gain a clear overview of employees work hours and effortlessly track who is on duty and when. Time Planner takes the stress out of scheduling, making your workforce management efficient and stress-free.

Built for your industry

Unleash efficient team management across industries, from local businesses to regional enterprises. Elevate your workflow and productivity effortlessly.

Whatever your status, our offers evolve according to your needs.
