#Fat Free – no added seed oils

#Contains Fibre & Protein

#Vegan/ Vegetarian ingredients

#Minimal processing – no UPF

#Contains natural Phytochemicals, Antioxidants & B Vitamins

#Mild sweet/ sour taste from Lactobacillus cultures

Our History - Developed by Tshwane University (Pretoria, South Africa) to help in the fight against malnutrition, Niselo is based on traditional African fermented foods where ancient grains such as Sorghum, Maize and Millet provide sustenance in the form of porridge, breads etc.

Who are we? An Afri-Scottish start-up company, BiaGo Ltd (SC747240) is founded with colleagues from Zimbabwe, Nigeria, Scotland, England and United States. We are bringing Niselo to the UK as a health & wellbeing product with a mild acidity and rich in gut healthy ingredients including fibre and live probiotic cultures.

Why Niselo? BiaGo are re-imagining, repurposing and relaunching Niselo as a product for everyone and anyone – young or old - as a “Food & Drink on the Go”, an anytime meal, a stamina boosting addition to a pre/ post-workout boost smoothie or as part of a daily wellbeing routine to boost gut health or reduce bloating.

To retain the goodness, Niselo is “minimally processed” and has a defined texture with fine particles that digest more slowly in your gut, keeping you feeling “fuller for longer”.

Niselo contains carefully selected live yogurt-like cultures. A mix of Lactobacillus, Bifidobacterium and Thermophilus, the 5 cultures are supported by published clinical information & data on their positive impacts on the gut microbiome (data can be supplied).

Niselo is for everyone, be a part of a gut healthy Community!

94% of UK Population consume <30g fibre/day., Niselo contains ~10% RDA of Fibre - a pre-biotic powerhouse for your gut microbiome and aiding natural bowel motion.
Typical Nutrition values:

Nutritional Info	Per 100ML	Serving (250ml)	% RDA*
Total Energy	149Kj	373Kj	~4.5%
Protein	1.0g	2.5g	~5%
Total Carbohydrate	7.0g	18.0g	~14%
Fats	0.0g	0.0g	0%

Example of Niselo Label (Vanilla Flavour):

A 100% plant based, non-dairy drink with a fresh, "yoghurt like" sweet/ sour taste, Niselo is a "Food & Drink on the Go"

Made with wholegrain Sorghum, a naturally gluten free grain rich in minerals, vitamins and antioxidants, Niselo Health drinks are cultured with a range of "Gut Friendly" probiotic bacteria.

Niselo combines "African tradition with Modern Nutrition" – our mission is to be "14 Allergens Free" – we ensure that our suppliers, our dedicated production plant and processes meet this goal.
