Sneak Peek

Compliance Radar

Introduction

Standards: what? why? how?
Normec OWS' contributions
Key criteria

Standards per environment

Industrial Compostability
Home Compostability
Soil Biodegradability
Freshwater Biodegradability
Marine Biodegradability
Anaerobic digestion

Overview

Certification organisations

Certificates per environment

Industrial Compostability
Home Compostability
Soil Biodegradability
Freshwater Biodegradability
Marine Biodegradability
Anaerobic digestion

Global

UN Plastics Treaty

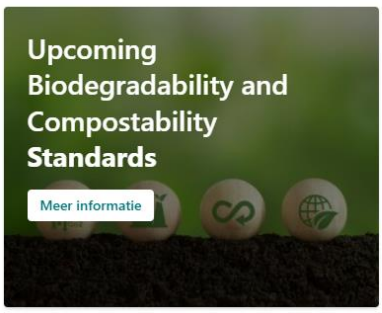

Europe

Packaging & Packaging Waste Regulation
Single-Use Plastics Directve
Fertilising Products Regulation
Ban on intentionally added microplastics

USA

FTC Green Guides
California - AB 1201
Colorado - SB 23-253
Maryland - HB 1349
Minnesota - 325E.046
Washington - RCW 70A.455

Outlook: what might change in standardisation, certification & legislation?

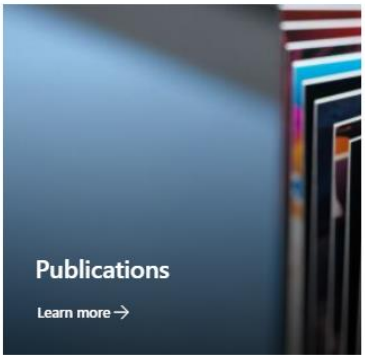

Insight Library

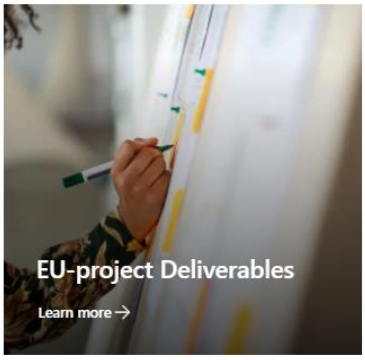

Our white papers offer in-depth explorations of key topics, challenges, and opportunities in our field. They are designed to provide you with practical insights, research-based perspectives, and guidance you can apply in your work.

New

In this section you'll find articles and open-access publications that highlight the latest developments, research, and perspectives from our field. They are a great way to stay informed, gain new ideas, and explore emerging trends.

New

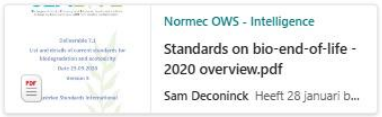

Here you can explore the official deliverables from our EU-funded projects. These documents share outcomes, insights, and knowledge developed within the projects, making results accessible to a wider community.

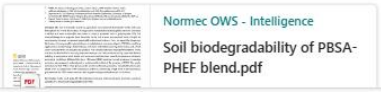

New

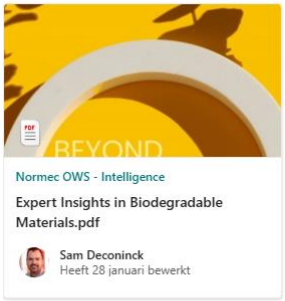

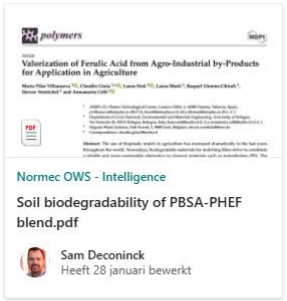

Publications

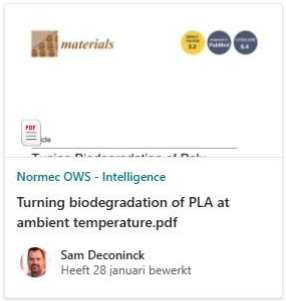

In this section you'll find articles and open-access publications that highlight the latest developments, research, and perspectives from our field. They are a great way to stay informed, gain new ideas, and explore emerging trends. Browse through and discover what's shaping the conversation today.
