Organic Liver Spread in a Jar & Organic Liver Spread with Lingonberries in a Jar
from the Schwäbisch-Hällisches Landschwein

Summary

Organic liver spread, classic or with lingonberries – 100% organic, handmade, savoury or fruity-creamy in flavour.

Description

Whether classic and savoury or delicately fruity – our organic liver spreads combine traditional craftsmanship with the finest meat and fresh liver from the Schwäbisch-Hällisches Landschwein. This heritage breed stands for humane husbandry, slow growth, and exceptional meat quality.

In our small manufactory, we use only certified organic ingredients: tender pork, aromatic liver, selected organic spices, and natural herbs. For the fruity variation, we add hand-picked organic lingonberries, lending the spread a gentle sweetness and refined freshness.

Enjoyed on its own as a hearty bread spread or in the lingonberry version as a special delicacy – both varieties impress with their creamy texture, authentic taste, and the absence of artificial additives.

Highlights:

- Meat and liver exclusively from Schwäbisch-Hällisches Landschwein, raised organically
- Choice of classic or fruity lingonberry variety
- Gently handcrafted
- 100% organic ingredients
- Free from artificial additives
- Full, natural flavour
