

TEJAS DELIVERY LOGIC

We transform opportunities into structured projects and implementation success through a clear and proven approach.

SCOUT

Explore technologies, needs and opportunities.

STRUCTURE

Shape projects, partnerships and business models.

INTEGRATE

Enable ecosystem, resources and expertise.

DELIVER

Execute with focus, monitor and optimize.

WHAT YOU DISCOVER INSIDE THE **TEJAS ECOSYSTEM**

CAPABILITIES THAT TURN IDEAS INTO IMPACT

PERIMETER & ISR SECURITY

Secure, next-gen surveillance and situational awareness protection.

OT CYBER RESILIENCE

Secure industrial networks, critical systems and operational protection.

INDUSTRIAL & DUAL-USE

Industrialization, R&D platforms and dual-use product development.

DIGITAL IDENTITY & ACCESS

Trusted digital identity, verification and secured access solutions.

SIMULATION & TRAINING

VR/AR simulation, mission training and operational readiness.

UNDERWATER OPERATIONS

Submarine and underwater diving systems and maritime solutions.

SECURE • RESILIENT • INNOVATIVE • FUTURE-READY

STRATEGIC PARTNER FOR SECURITY, DEFENSE AND INDUSTRIAL TRANSFORMATION

Tejas connects international technology providers with Romanian industry, public sector and institutional stakeholders.

We focus on practical, structure, integrate and deliver technology-driven programs with measurable impact.

A TRUSTED ECOSYSTEM FOR SMART TECHNOLOGY INTEGRATION

Let's discuss strategic projects, trusted partnerships and implementation pathways.

Together, we create solutions that protect, innovate and advance.
