STRATEGIC VISION 2034

Our development is built on **three strategic priorities**:

1 Competitive Economy & Innovation

Industrial modernization, logistics development, entrepreneurship and innovation

2 Human Capital & Quality of Life

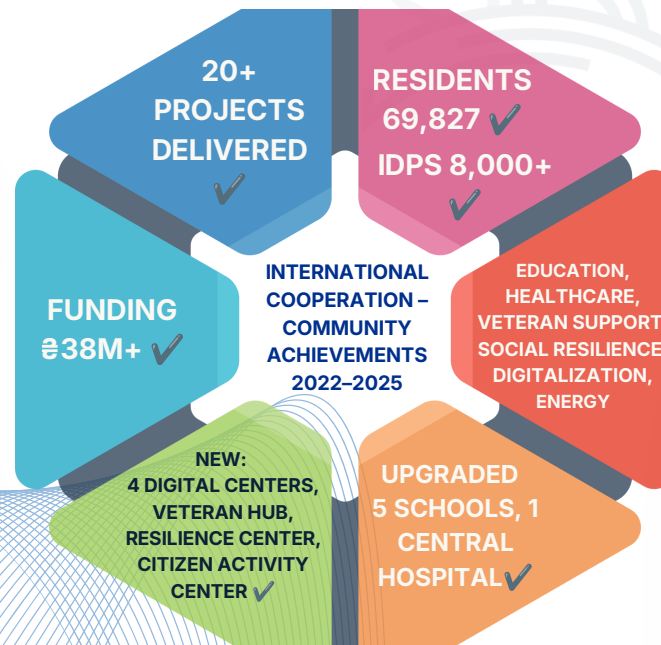

Quality education, modern healthcare, and opportunities for veterans and youth

3 Safety & Resilient Infrastructure

Energy independence, water security and safe public spaces

PARTNERS & COOPERATION

Our partnerships demonstrate our **capacity to co-create, implement, and sustain projects.**

Together with international partners we exchange knowledge, build resilient infrastructure and generate mutual benefits for both sides
