

Horizon Work Program 2026-2027 Climate, Energy and Mobility

Andrea Camilli & Silvia Cifarelli

Who we are

Prometeia is a European provider of economic consulting, quantitative modelling and research-based analysis for enterprises, financial institutions and public bodies. Founded in Bologna in 1974, today the company has 1,000+ professionals from 30+ nationalities, operating in 20+ countries.

Within Horizon Europe, Prometeia is willing to act as a **core scientific partner** (non-coordinator), providing **quantitative socio-economic analysis** for climate, energy and mobility policies.

What differentiates us:

- Proprietary **Integrated Assessment Model (IAM)** linking climate risks, macroeconomy, public finance and inter-generational distributional outcomes.
- Strong experience with **EU institutions, ministries, central banks and development banks.**
- Natural bridge between **climate science, policy design and decision-makers.**

Project focus & scientific contribution

Target call: *HORIZON-CL5-2026-07-D1-03 – Economics of climate change and the cost of inaction*

Core contribution

- Quantification of **economic, fiscal and intergenerational costs** of delayed mitigation and insufficient adaptation.
- Integrated assessment of **physical and transition risks** under NGFS- and Paris-consistent scenarios.

Modelling approach (policy-oriented)

- **Multi-country OLG macro model** for growth, debt and intergenerational dynamics.
- **CGE module** for sectoral production, trade and energy transitions.
- **Climate damage module** aligned with NGFS and Paris scenarios.

Key outputs for policy makers

- GDP, sectoral value added, employment and public finance impacts.
- Distributional and intergenerational effects.
- Comparison of **cost of inaction vs. mitigation/adaptation pathways**.

Consortium needs & Prometeia's role

We are looking for

- A **coordinator** (university, research institute or public authority)
- Partners in **climate and Earth-system science** (hazards, impacts)
- SSH partners on **governance, institutions and policy uptake**

Our preferred role

- **Work Package leader** on integrated economic assessment and scenarios
- Task leader on **quantitative impact assessment, costs of inaction and policy evaluation**
- Non-coordinating, core scientific partner
