A group of four people, three women and one man, are gathered around a wooden table in a modern office or co-working space. They are all smiling and looking at a laptop screen, suggesting a collaborative work environment. The background features a white brick wall and a wooden partition. The overall atmosphere is positive and professional.

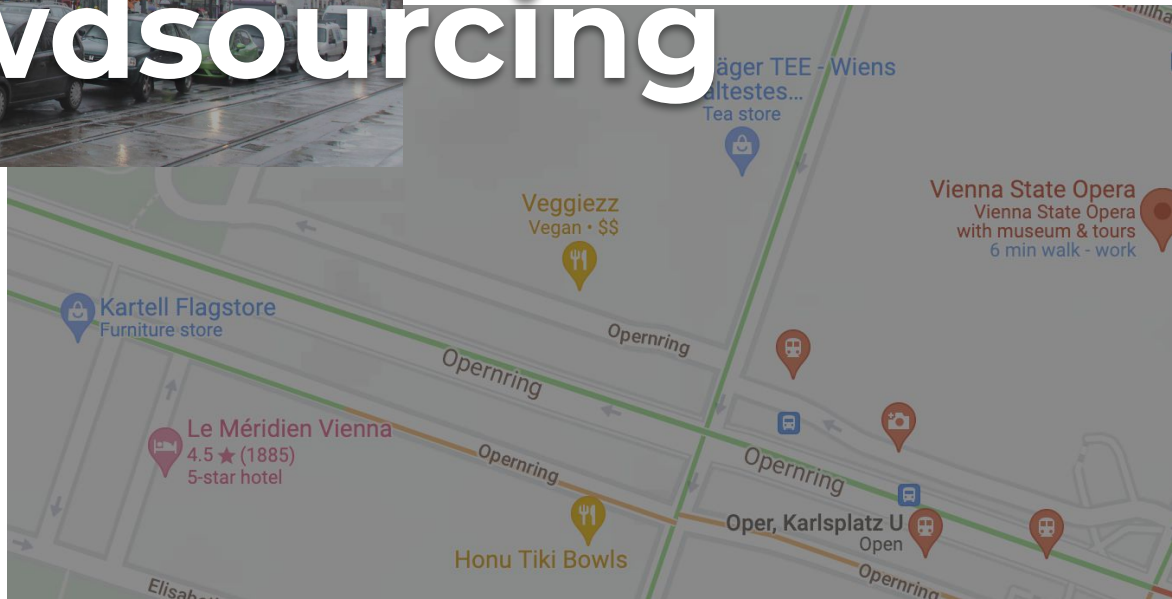

smart city concepts

A custom-built robotic car is shown against a teal background. The car has a purple body and two black wheels. On top of the car is a breadboard circuit with various electronic components, including a microcontroller, resistors, and jumper wires. To the right of the breadboard is a battery pack consisting of three Energizer MAX AA batteries. The text "sensors everywhere" is overlaid in white, bold, sans-serif font across the center of the image.

sensors everywhere

Crowdsourcing

central nervous system

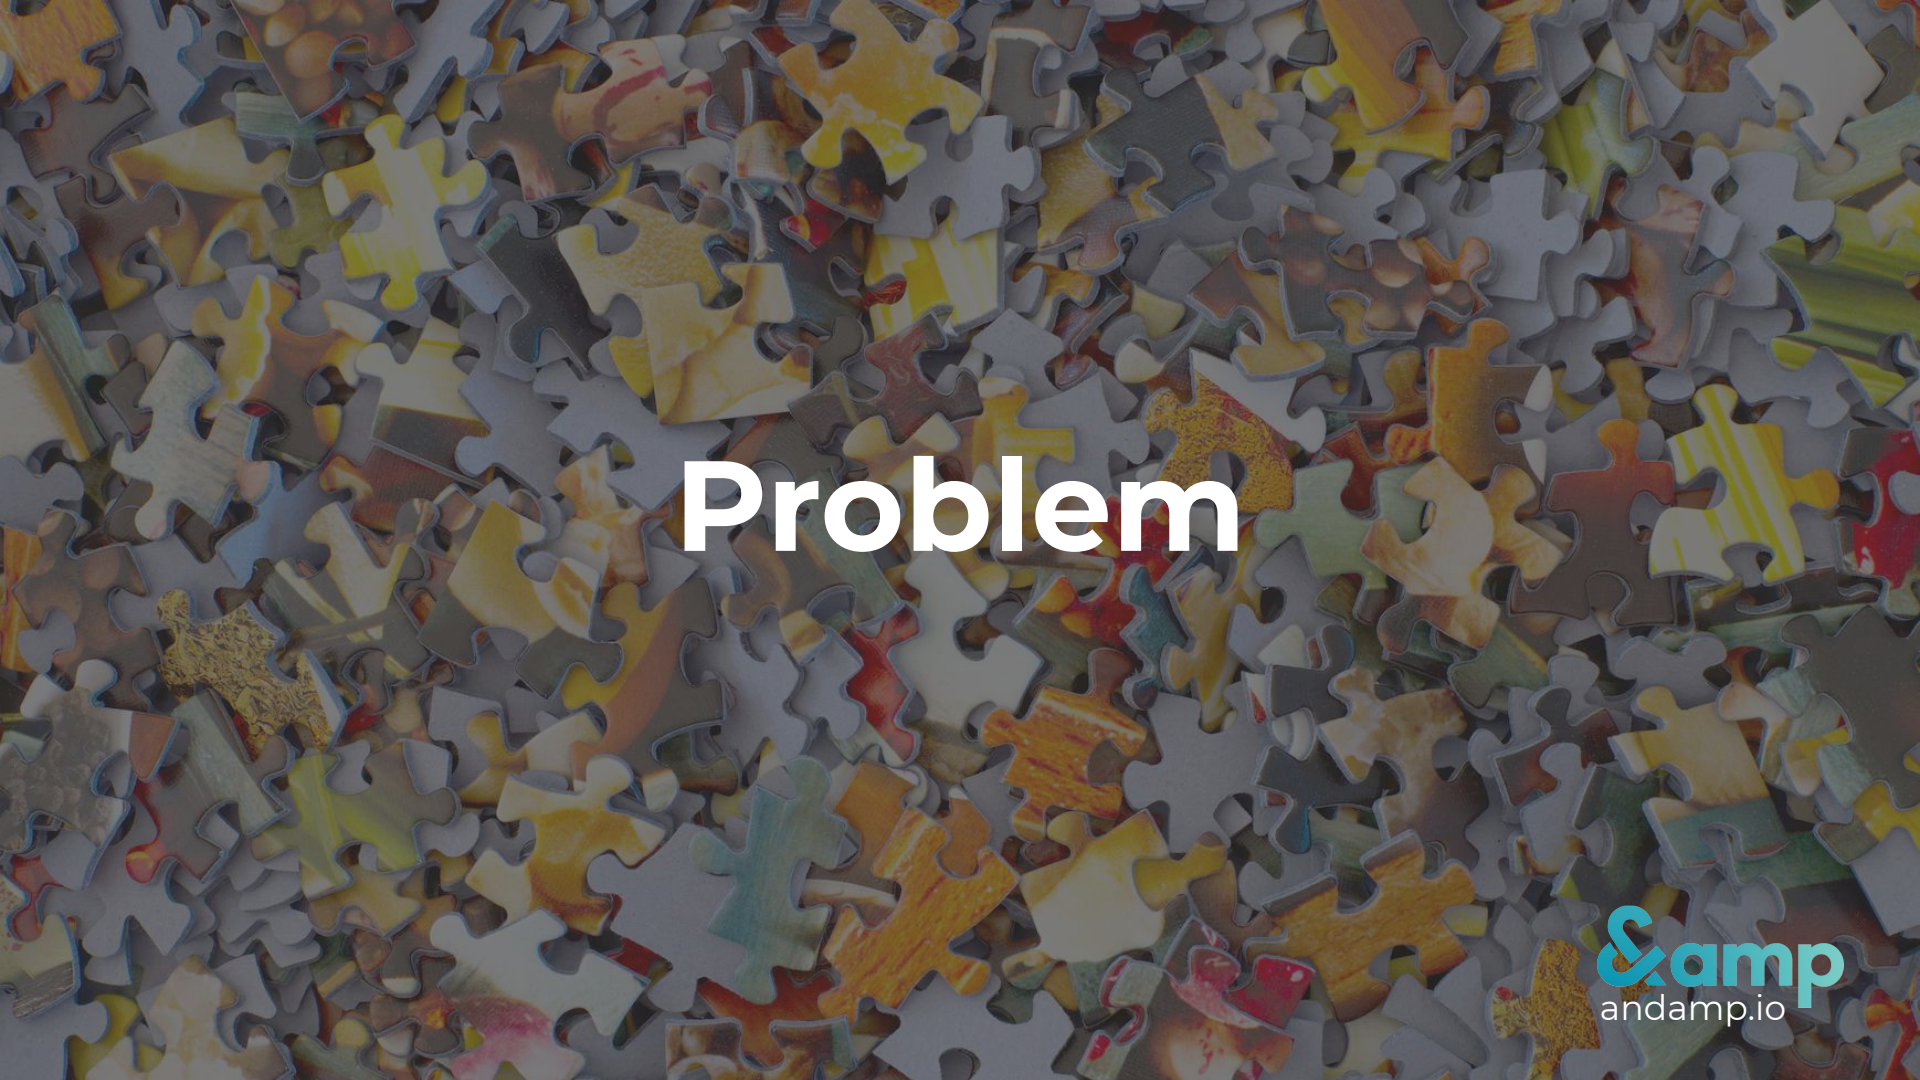

A high-angle, wide-view photograph of Earth from space at night. The Earth's horizon is visible as a thin, curved line separating the dark, star-filled sky from the illuminated surface. The surface is covered in a dense network of yellow and orange lights, representing city lights and urban areas. The lights are concentrated in certain regions, particularly along the equator and in the lower right quadrant. The overall color palette is dominated by deep blues and blacks, with the warm glow of the city lights providing a stark contrast.
