# A QUALITY, SAFETY AND ENVIRONMENT APPROACH

The quality and reliability of our services have always been considered as strategic objectives. SCET-TUNISIE has been certified ISO 9001 in August 2000. Since then, and thanks to the commitment and mobilization of our teams, we have developed the Quality Management approach to finally achieve the implementation of an Integrated Management System covering Quality, Safety and Environment meeting the requirements of the following standards:

All the requirements of ISO 9001, ISO 14001 and ISO 45001 are applicable to our system for the following activities:

- Design and supervision of works in the fields of building, infrastructure, transport, hydraulics, agricultural and rural development and environment.
- Studies in the fields of urban planning and regional development.
- General economic studies.
- Technical assistance, institutional support and capacity building .

SCET-TUNISIE's Quality Safety Environment (QSE) certification is an important achievement, marking our commitment to respect the environment and guarantee the health and safety of our teams in the workplace. This commitment applies not only to our working environment, but also to our core businesses.
