

TALAMONTI

IT'S IN OUR NATURE

Founded in 2001, Tenuta Talamonti is one of Italy's most dynamic boutique wine producers. Renowned for their sustainably produced estate wines from Abruzzo's Loreto Aprutino commune in the Tavo Valley Region.

Distinguished by the greatest biodiversity in all of Europe, bordered by mountain ranges and the Adriatic Sea, Talamonti is on a mission to share Abruzzo's unique terroir and extraordinary microclimate with the world.

Motivated by a tremendous passion for their local roots, Talamonti places special emphasis on promoting Abruzzo's unique indigenous varieties including Montepulciano d'Abruzzo, Trebbiano d'Abruzzo and Pecorino.

Abruzzo is a masterpiece of biodiversity. It has been estimated that up to 75% of Europe's animal and plant species are safeguarded throughout the parks, mountain ranges and 130 km of pristine coastline of the region. With almost 40% of the territory being designated as protected or as a national park (the highest percentage in Europe), the whole area is basically a giant natural reserve.

The world of wine and wildlife conservation intersect in surprising and meaningful ways. Vineyards can provide vital habitats for endangered species, while sustainable farming practices foster biodiversity and protect the delicate balance of ecosystems. For this reason we aim for the wines to serve as a catalyst for raising awareness about wildlife conservation.

KEY SELLING POINTS
