The PG Fund's Flagship Project

HAKIM / A Bahraini Historical Epic with Global IP Potential

A Leader and a Nation Forged in Turmoil

At eighteen, Isa sees his father die protecting him in a royal power struggle. Gravely wounded, he is thrust into a fight for his nation's future.

He sets revenge aside. Amid British pressure and great-power rivalry, he uses diplomacy to defend a small nation's dignity and autonomy.

As the pearl trade declines and oil exploration repeatedly fails, he protects livelihoods and presses on with reform. From the pearling age to the dawn of oil, loss and duty forge a young man into a founding father of modern Bahrain.

Loyalty, Wisdom and National Duty

A personal destiny bound to a nation's future: a story of growth and sacrifice that resonates across cultures.

Resonance in the Gulf and China

A revered Gulf leader's story of national transformation connects China with the Gulf through Belt and Road cultural exchange.
