EPS Group Value Proposition

One Partner. Full Support. Across the Entire Development Journey

EPS Group provides integrated solutions across the entire drug development and commercialization lifecycle in Japan.

Integrated CRO x SMO x CSO* Solutions

All functions. One partner. Seamless execution.

Collaborative Consultation Approach

Tailored solutions designed together with you, for your success in Japan.

*CSO (Contract Sales Organization) : Commercial outsourcing services
**ICCC : In-Country Clinical Caretaker

Building Pathways to Global Success

No matter your situation, EPS is your trusted partner in Japan and Asia.

Expanding into Asia

- Asia market entry & regulatory strategy
- Regional clinical trial execution
- Strong access to sites, KOLs, and patient networks

End-to-end support for entering Asia seamlessly.

Going Global from Asia

- Global clinical development support
- US/EU regulatory readiness strategy
- End-to-end execution beyond Asia

Seamless integration of Asia into global trials.

Partnering as Your Strategic CRO

- Local expertise across Japan/APAC
- Stable operational & functional support
- Collaborative delivery as one integrated team

Acting as your local extension in Japan and Asia.
