

The offer for companies from outside Ukraine who want to work in Ukraine, but don't know how to start or needs help.

Ukrainian entrepreneur Dmytro Myroshnykov, who is also the CEO and owner of the Ukrainian company "Kratos" and has extensive experience working with businesses from outside Ukraine, is ready to consider the opportunity to help you. Among the possible cooperation:

- general consulting about prospects of entering the Ukrainian market, - based on professional higher education and continuous practical business and management experience in Ukraine since 2001;
- grant management for business projects in Ukraine, based on practical experience of victories and losing in grant projects and the real attraction of over half a million Euros of grant funding for projects in Ukraine from European grantors;
- registration of permits for businesses in Ukraine, based on the constant practice of registration of permits for many businesses in Ukraine, in particular for many leading businesses, including for the largest company in the Ukrainian economy - continuously since 2001;
- selection and organization in Ukraine of your legal form, business structure, form of taxation, type and place of residence, asset protection system, etc. - based on professional higher education and practical business and management experience in Ukraine continuously since 2001;
- effective marketing - based on constant business experience as the employee, next manager and next CEO and owner of the marketing business in Ukraine continuously since 2001;
- selection of partners and contractors for you in Ukraine - based on the experience of own participation as a founder, co-founder, counterparty, partner, contractor, customer etc. in various business projects in Ukraine continuously since 2001;
- legal lobbying/advocacy of business interests - based on the experience of such activities periodically since 2001, in particular, the experience of receiving support for business projects from almost all central government bodies in Ukraine, from the administration of several large and the significant number of other cities, from regional authorities, participation in advisory bodies for authorities, etc.

If you want to enter Ukraine, but hesitate, - I can help you to minimize risks, to avoid many mistakes, to take the right path and to build a business in Ukraine will be a model of transparency, legality and at the same time efficiency. The time is good - the war will end, Ukraine will be rebuilt and is the very promising market and place for doing business.

The terms of cooperation will be agreed individually, then will be signed officially and will be transparent and understandable. At the same time, I reserve my right to refuse in cooperation if I do not see so I can become an effective partner for you or if I do not see myself as a part of building your business project in Ukraine.
