Our Milestones

365 days is a lot, but only if the planning is wrong

2022

- We managed to remain a startup without investors
- We became partners in 2 EU Horizon projects under the Health and Ocean cluster
- Analyzed the existing agrotech market and created a strategy for entering it
- Created a partnership with a leading Chinese technology company

2023

- We have expanded our partner network by 35%
- We have developed a high-tech commercial agrotech product -TRL 9
- We have started the construction of 2 future open-field agro labs
- We expanded the team by 6 new members
- Started business operations in Hungary and Serbia

2024

- 3 new project proposals for EU Horizon
- 2 national project proposals
- Registered IP industrial and trademark protection
- Partnership with EIT Food
- Partnership with USAID
- Partnership with KPN Dutch Telecom
- Partnership with ImpactHub Brasilia
- Started business operations in Finland

2025

- Expand our international business operations
- Grow current team by 60%
- Expand partnership network
