Privacy Film
(PRI Film)

Privacy Film(PRI Film)

The PRI film prevents your screen from being peeked at by people unless they are within the viewing angle of 30 degrees right or left. With its cutting-edge micro blinds-like materials, the film boasts the ability to control the viewing angle of 30 degrees from both sides making people out of the angle see nothing more than a black screen so that you can use your device worry-free in public areas.
