# WELCOME TO MULTIMARINE GROUP

The **Multimarine Group of Companies** is a proud member of the Marine and Oil & Gas Industries in the Eastern Mediterranean.

Since 2001, we are expanding our business portfolio to be profitable and sustainable by investing in the best resources, in terms of people, infrastructure and technologies. We are committed to conducting our business in an ethically, socially and environmentally responsible manner striving for an incident free workplace.

With facilities in Limassol Port, and workshops and bonded warehouse facilities in close proximity from the Port, the Multimarine Group offers a diverse range of services.

**Multimarine Services** has achieved exemplary performances and has executed numerous challenging projects in Cyprus and the Eastern Mediterranean. With three (3) workshops and fabrication yards inside Limassol Port, Multimarine enjoys a track record for growth as a result of a proven business strategy and experienced management where client satisfaction is always our first concern.

**Multimarine Shipyards** operates Vessel Drydocking facilities in Limassol Port, Cyprus. The Floating Dock ERENEOS with an overall length of 120.00m and width of 32.40m is a pioneer project for the Cyprus Ship Repairing Industry and allows Multimarine to offer a fully comprehensive ship repairs service to our numerous Local and International Clients.

**Atlas Offshore Operations** is specialized in offering Shipping Agency, Shorebase Support Management and Logistics Services to the Marine and Oil & Gas Industries. Our signature project is the provision of Shipping Agency, Pipe Handling and General Cargo Logistics Services for the SAIPEM ZOHR Development Project (ASU, ORU & RUP Phases). The project has been successfully executed from the company's Shorebases in Limassol and Larnaca Ports.

**Multimarine Cranes** owns and operates a large fleet of mobile cranes from 45t to 350t and a Crawler Crane 750t. Moreover, the company operates an extensive haulage fleet of trailers, multiwheelers, low loaders and extendable trailers.

**MultiLab Testing** is an Independent Laboratory for Materials Testing and Calibration Services from where we service clients from different industries.

**Cyprus Marine Inspections (CMI)** operates the VIKING Liferaft Service Station which is based at Multimarine Shipyard's facilities in Limassol Port.

Finally, **Poseidon-Multimarine Services** operates a Marine Fire Service Station in Cyprus (approved by ABS, DNV, RINA & LRQA) and is the local distributor and service station of Draeger. Moreover, the company distributes key marine products (COMET etc) in the local and international maritime industry.

We look forward to welcoming you to Multimarine Group and becoming your preferred partners in the Eastern Mediterranean.

Renos Phokas  
CEO

# SAFEGUARDING OUR PEOPLE & THE ENVIRONMENT

AT MULTIMARINE SERVICES LTD, WE ARE COMMITTED TO PROTECT THE HEALTH AND SAFETY OF EVERYONE INVOLVED IN OUR OPERATIONS, SAFEGUARD THE ENVIRONMENT, AND CREATE LONG-LASTING, POSITIVE IMPACT ON THE COMMUNITIES WHERE WE DO BUSINESS. WE STRONGLY BELIEVE THAT ALL INCIDENTS ARE PREVENTABLE AND THAT ALL HAZARDS CAN AND MUST BE RECOGNISED, MONITORED AND ASSESSED.

Multimarine Services Ltd follows a Health and Safety Management System accredited to ISO 45001:2018 and an Environmental Management System accredited to ISO 14001:2015 by LRQA.

Responsible Health and Safety Management is positively correlated with our growth, profitability and long term success. Our clients expect excellent health and safety performance from their partners and are not willing to work with those that cannot achieve it. Conversely, poor health and safety performance is often associated with poor management and poor business performance.

We strive towards continuous improvement of our Health and Safety performance and we have incorporated a comprehensive Health and Safety Management System to our operations. We ensure that our Health, Safety & Environmental Policy is visible to everyone working at our premises and our expectations are fully communicated.

It is also our long-standing policy to operate in a manner that is not harmful to the environment and to the local communities we operate. In our daily operations, we have implemented an Environmental Management System accredited to ISO 14001:2015. We aim to create a legacy where our activities will be sustainable in terms of promoting economic growth, creating a healthy environment and supporting the local communities, both now and in the future.

The company's commitment begins by demonstrating a visible and active leadership that engages our employees to effectively manage our health, safety and environmental performance. By setting the example, the Management Team ensures that all our employees take reasonable care of their own safety and of the safety of their colleagues.

## ANTI-CORRUPTION & BRIBERY POLICY

It is Multimarine's policy to conduct all of our business in an honest and ethical manner. We take a zero tolerance approach to bribery and corruption and are committed to acting professionally, fairly and with integrity in all our business dealings and relationships wherever we operate.

We will uphold all laws and provisions as of The Foreign Corrupt Practices Act (FCPA) which are relevant to countering bribery and corruption in all the jurisdictions in which we operate.

## COMPANY CERTIFICATES

- Health & Safety Management System Accredited to ISO 45001:2018 by LRQA
- Environmental Management System Accredited to ISO 14001:2015 by LRQA
- Quality Management System Accredited to ISO 9001:2015 by LRQA
- Welding Procedure Specifications and welders qualified and approved by DNV & ABS
- DNV Approval for NDT Inspection
- RINA Approval for NDT Inspection
- Member of the British Institute of NDT

## OIL & GAS

## SPECIALISED FABRICATION SOLUTIONS

OUR LARGE PORTFOLIO OF FABRICATIONS DEMONSTRATES OUR TARGET TO BECOME MARKET LEADERS IN CYPRUS AND VARIES FROM STRUCTURAL FABRICATIONS AND MARINE CONSTRUCTION TO PIPE WORK AND SUBSEA STRUCTURES.

Multimarine operates three Fabrication and Welding Workshops strategically located inside the Port of Limassol. The fact that we are based inside the Port enables us to gain easy access to our clients' vessels and significantly reduce movement of fabricated structures. Finally, we believe in effective communication and we offer our clients full access to our premises for inspection and monitoring.

### THE MAIN AREAS WE CURRENTLY OPERATE INCLUDE:

- Structural Steel Fabrication
- Marine Construction
- Fabrication of CALM BUOYS & PLEM
- Fabrication of Offshore Support Structures
- Spools & Pipe Welding
- Sea Fastening & Mobilisations
- Marine and Floating Barge Fabrications
- Offshore DNV Containers 2.7-1

### SUMMARY

- Three Fabrication Shops in Limassol Port
- Extensive outdoor storage areas
- Indoor workshop equipped with Overhead Travelling Cranes
- Extensive range of welding equipment
- Post Weld Heat Treatment Capabilities
- Pressure Test Capabilities up to 22500 psi
- Full Blasting & Coating Capabilities
- In-house Mobile Crane Fleet from 45t up to 750 Tonnes

## CERTIFIED WELDING

MULTIMARINE'S REPUTATION IN PROVIDING CERTIFIED WELDING SERVICES ALLOWS THE COMPANY TO BE INVOLVED IN NUMEROUS COMPLEX PROJECTS IN THE OIL & GAS, POWER AND MARINE INDUSTRIES, BOTH ONSHORE AND OFFSHORE IN THE EASTERN MEDITERRANEAN.

Multimarine Services Ltd maintains an extensive library of welding procedures supported by a team of coded welders. Some techniques used are GTAW, SMAW, GMAW, FCAW and SAW. Our welding procedures cover a wide range of approvals and are applicable on a variety of metal and metal alloys (carbon steel, stainless steel, aluminium, AISI 4130, AISI 8630, Monel 400, Inconel 718 and other exotic metals and alloys). This helps suit different types of applications such as structural steel, piping works and pressure vessels.

### SUMMARY

- Class approvals for welding plates & pipes from ABS and DNV
- Welding Procedure Specifications compliant with common welding points; AWS D1.1, ASME IX and ISO 15614-1, and with Customer Specifications where applicable.
- Welding Pipe and Plate Materials to ISO/TR15608 Group 1
- Welding of Pipe and Plate Materials conforming to APU 5L specifications (e.g. X80, X65 & X52)
- AISI 4130 & AISI 8630 high pressure pipe welding
- S/S Steel & Special Alloys Welding - 316L, Inconel 718, Monel 400
- All major welding methods: GTAW, SMAW, GMAW, FCAW, SAW
- Provision of Pre & Post Weld Heat Treatment
- Pressure Test Capabilities up to 22,500 psi

## SEA FASTENING & MOBILISATIONS

MULTIMARINE SERVICES LTD IS THE PREFERRED SUBCONTRACTOR OF OIL AND GAS MULTINATIONALS IN PROVIDING SEA FASTENING AND MOBILISATION SERVICES WHEN CALLING LIMASSOL AND LARNACA PORTS IN CYPRUS.

With three Fabrication Yards adjacent to the quayside we are able to provide a 24hr service, 7 days a week. Our exposure to numerous offshore support and subsea construction vessels and projects allowed us to build a wealth of experience in offering a comprehensive service to our clients.

During mobilisation of supply/construction vessels we provide multi-skilled, certified and experienced personnel such as welders, fitters, machinists, mechanics, joiners, electricians, riggers, firewatchers and general assistants.

We provide pre-fabricated sea fastening plates and we undertake full mobilisation and demobilisation services. Such services, amongst others include the removal of existing steel and pipework, loading and welding of offshore structures and subsea equipment and NDE Services. As for demobilizations, we offer full deck reinstatement.

DURING SUCH OPERATIONS, WE USE EQUIPMENT SUCH AS WELDING MACHINES, GENERATORS, GRINDERS, GAUGING EQUIPMENT, CUTTING GEAR SETS AND OTHER RELEVANT EQUIPMENT. IN ADDITION, WE PROVIDE LIFTING AND TRANSPORTATION MACHINERY SUCH AS FORKLIFT TRUCKS, MOBILE CRANES, CRAWLER CRANES, LOW-LOADERS AND FLAT-BED TRUCKS.

Multimarine offered full mobilisation services in Limassol and Larnaca Ports to the following contractors:

SUBSEA7, ENSCO, DIAMOND, SAIPEM, TECHNIPFMC, Halliburton, DOF Subsea, EMAS, Oceaneering, FUGRO, Caldive, Horizon, TSMarine (Contracting) Ltd, SeaBird Exploration, Gårdline Marine Sciences, Integrated Subsea Services, Caley Ocean Systems Ltd, Geo Team s.l.r, PGS Geophysical AS, DeepOcean BV and Maersk Contractors.

Our portfolio of serviced vessels includes:

SEVEN EAGLE, Normand Maximus, Fær Samson, SEVEN BOREALIS, ROCKWATER2, CASTORONE, Normand Cutter, CSO Constructor, Scandi Carla, Normand Vester, Normand Progress, Normand Carrier, Normand Pioneer, Maersk Reliance, REM Etive, Danica Red, Bourbon Trieste, Toisa Proteus, Danica Sunrise, BBC Zarate, Fugro Commander, VOS Satisfaction, VOS Sympathy, SIS ACE, IRIS I, Bourbon Pearl, Medium, BOA Barge, Nordesand, Geosund, DP Reel, TEXAS, Skandi Acergy, Pacific Explorer, LEWEK FALCON, BOA Sub C, Toisa Waves, Svenja, Polar Duke, and many others.

## NON DESTRUCTIVE EXAMINATION (NDE)

FULLY ACCREDITED SERVICE PROVIDERS FOR NON DESTRUCTIVE -EXAMINATION (NDE) WITH IN-HOUSE INSPECTORS, EQUIPMENT AND INSTRUMENTS OF THE LATEST TECHNOLOGY.

● MULTIMARINE SERVICES LTD CAN OFFER AN IN-HOUSE COMPREHENSIVE SOLUTION COVERING THE FOLLOWING MAIN AREAS:

- Non Destructive Examination (NDE); and
- Quality Assurance / Quality Control (QA/QC).

● NON-DESTRUCTIVE EXAMINATION (NDE)

- Magnetic Particle Inspection
- In Depth Ultrasonic Flow Detection and Testing (Conventional, Digital and Phased Array)
- Ultrasonic Thickness Measurements and Mapping
- Liquid Penetrant Inspection
- Visual & Dimensional Inspection
- Eddy Current Inspection
- Electromagnetic Inspection (EMI)
- Portable Hardness Inspection
- Positive Material Identification (PMI)

● QUALITY ASSURANCE / QUALITY CONTROL

- Fabrication Inspection
- Welding Supervision and Monitoring
- Structural and Dimensional Check
- Painting Supervision and Monitoring
- Paint /Coating Inspection
- Shot blasting Inspection

## TANK CLEANING SOLUTIONS

MULTIMARINE SERVICES LTD SUCCESSFULLY COMPLETED THE MUD TANK CLEANING SERVICES ONBOARD THE D/S SAIPEM 10000, THE SEMI-SUBMERSIBLE E5006, THE D/S WEST CAPELLA AND THE D/S STENA ICEMAX FOLLOWING THE COMPLETION OF THEIR DRILLING CAMPAIGNS AT THE CYPRUS EEZ INCLUDING THE TANK CLEANING OF ALL PSVS SUPPORTING THE DRILLING CAMPAIGN.

**MULTIMARINE SERVICES LTD IS SPECIALIZED IN THE PROVISION OF TANK CLEANING SERVICES BOTH ONSHORE AND OFFSHORE:**

- Mud Tank and Silos Cleaning on Offshore Support Vessels (OSVs)
- Offshore Mud Tank Cleaning Services on drill rigs and platforms
- Onshore Mud Plant Tank Cleaning
- Onshore Silo Cleaning (Baroid & Cement) with specialized vacuum machines;
- General Tank Cleaning on vessels
- Fuel Oil Tanks Cleaning on Power Plants and Fuel Storage Terminals.

All confined space operations are strictly managed through the application of a Safe System of Work (SSW) with confined space entry permit to work.

All Multimarine Tank Cleaners are fully certified and trained in confined space entry and are supported with a full range of tank cleaning, safety and personal protective equipment.

## RIGGING AND LIFTING EQUIPMENT INSPECTION & LOAD TESTING SERVICES

AS A MEMBER OF LEEA, MULTIMARINE SERVICES LTD OFFERS FULL PERIODIC INSPECTION AND RECERTIFICATIONS OF LIFTING AND RIGGING EQUIPMENT. WITH AN IN-HOUSE COMPREHENSIVE LIST OF TESTING EQUIPMENT RANGING FROM WATER LOAD BAGS, SPREADER BARS AND CALIBRATED LOAD CELLS, MULTIMARINE CAN TEST AND RECERTIFY LIFTING EQUIPMENT SUCH AS CRANES AND WINCHES BOTH ONBOARD VESSELS AND OFFSHORE ON DRILLING RIGS AND PLATFORMS.

### RIGGING AND LIFTING EQUIPMENT INSPECTIONS

Multimarine Services offers full periodic inspection and thorough examination of rigging and lifting equipment. All Multimarine's inspectors are trained and hold NDT Level II PCN and ASNT certification in VT, EC, DP and MT.

### LOAD TESTING SOLUTIONS

Multimarine Services Ltd is specialized in all types of static and dynamic load testing. Our equipment enables us to test and certify a full range of lifting and mooring equipment that are used in the Marine, Oil & Gas and Power Industries. Our Engineers are fully competent and qualified to complete and witness such operations, onshore and offshore, depending on client requirements. Multimarine owns a full range of water load bags and calibrated load measuring equipment.

## MARINE RISER BUOYANCY REPAIRS

FULL IN-HOUSE MARINE RISER BUOYANCY REPAIR CAPABILITIES.

Through the Multimarine Services Ltd repair facility in Limassol Port we can offer our drilling clients the opportunity to have their damaged buoyancy elements fully repaired.

We offer full inspection, assessment and reporting of the damaged elements and provision of detailed feedback to the owners. Following the inspection report, a repair proposal is generated based on the scope of work.

We have developed an in-house Engineering and Technical Team to promptly attend to any buoyancy repair project in the Eastern Mediterranean.

OSCMARINE GROUP  
UNDERWATER | UNDERSTOOD

## SUBSEA INTERVENTION SERVICES

MULTIMARINE SERVICES LTD (MMS) COLLABORATES WITH OSC MARINE GROUP LTD (OSC) TO PROVIDE COMPLETE SHALLOW AND DEEPWATER SUBSEA INTERVENTION SERVICES TO THE OIL & GAS, POWER AND MARINE INDUSTRIES THROUGHOUT THE EAST MEDITERRANEAN AND NORTH AFRICAN REGIONS.

We supply premium and experienced subsea services such as mixed air and saturation diving, ROV services, subsea inspections, installations, survey, IMR and pipeline repair solutions from the MMS marine base located inside the Port of Limassol, Cyprus.

### SUBSEA INTERVENTION SERVICES:

- Subsea Support Vessels
- ROV technology
- Rope Access Inspection
- Inspection, Repair & Maintenance
- Construction/ Installation
- Pipeline Integrity
- Pipeline Subsea Leak Detection
- Emergency Pipeline Response

## DRILLING SUPPORT SERVICES

MULTIMARINE SERVICES LTD IS THE SUBCONTRACTOR OF CHOICE FOR ONSHORE AND OFFSHORE SUPPORT SERVICES OF DRILLING CONTRACTORS OPERATING IN THE EASTERN MEDITERRANEAN.

**THE SPECIALIZED SERVICES THAT MULTIMARINE OFFERS TO DRILLING CONTRACTORS INCLUDE:**

- Fabrication Solutions (under Class Approvals)
- Coded Welding
- Offshore Welding & Installation
- Marine Drilling Risers Recertification under OEM Approvals
- Riser Buoyancy Repairs
- DNV 2.7-1 Fabrication Solutions
- Drill Pipes Inspection & Recertification
- Drilling Rig Maintenance & Repairs
- Mud Pump Lines Fabrication & Installation
- Scaffolding Solutions
- NDE & Lifting and Rigging Inspections
- Load Testing & Recertification
- Drilling Mud Tank Cleaning Services
- HP Water Jet Cleaning, Blasting & Painting
- Maintenance & Engine Room Repairs
- Deck Re-instatement & Conversions

AS A RESULT, MULTIMARINE WON AND SUCCESSFULLY COMPLETED SEVERAL PROJECTS BOTH ONSHORE AND OFFSHORE FOR THE FOLLOWING DRILLING CLIENTS:

- ENSCO - Semi Sub E5006 (ex Pride North America), ENSCO DS-7
- SAIPEM - D/S SAIPEM 10000, D/S SAIPEM 12000
- MAERSK Drilling - Semi Sub Maersk Discoverer
- DIAMOND OFFSHORE - Semi Sub Ocean Endeavor
- OCEAN RIG
- PACIFIC DRILLING - D/S Pacific Khamsin
- VANTAGE DRILLING - D/S Tungsten Explorer
- STENA - D/S Stena IceMax
- SEADRILL - D/S West Capella

All Multimarine personnel hold offshore survival (BOSIET & HUET) and medical certificates and can easily mobilise offshore for any required projects.

## MARINE DRILLING RISERS: INSPECTIONS, REPAIRS & MAINTENANCE

BHGE VETCOGRAY AND NOV OEM APPROVED VENDOR WITH THE CAPABILITY TO OFFER THE FULL 5 YEAR AND 10 YEAR RECERTIFICATION OF MARINE DRILLING RISERS INCLUDING WELDING REPAIRS IN CYPRUS.

Multimarine's Yard in Limassol Port is ideally located to act as a regional marine risers' recertification hub. Multimarine's specialty and excellent reputation in this service area attracted several OEMs and Drilling Contractors operating in the Eastern Mediterranean (Egypt, Israel, Cyprus) and the Black Sea.

Cyprus has proven to be an ideal location for riser recertification which can cover all potential projects in the Middle East and North Africa Regions.

Multimarine developed in-house procedures and processes and invested in the latest welding and inspection technologies. As a result, **Multimarine is now an OEM Approved Vendor of NOV and BHGE (VETCOGRAY)**.

Especially with GE Oil & Gas, Multimarine has completed the qualification for the Full Overhaul and Repairs (O&R) of GE VETCOGRAY HMF-H 90ft Riser Joints.

Our drilling clients like ENSCO, DIAMOND and SAIPEM and the OEMs have found our facilities in Limassol Port extremely convenient for their riser repair and recertification projects in the Mediterranean Region.

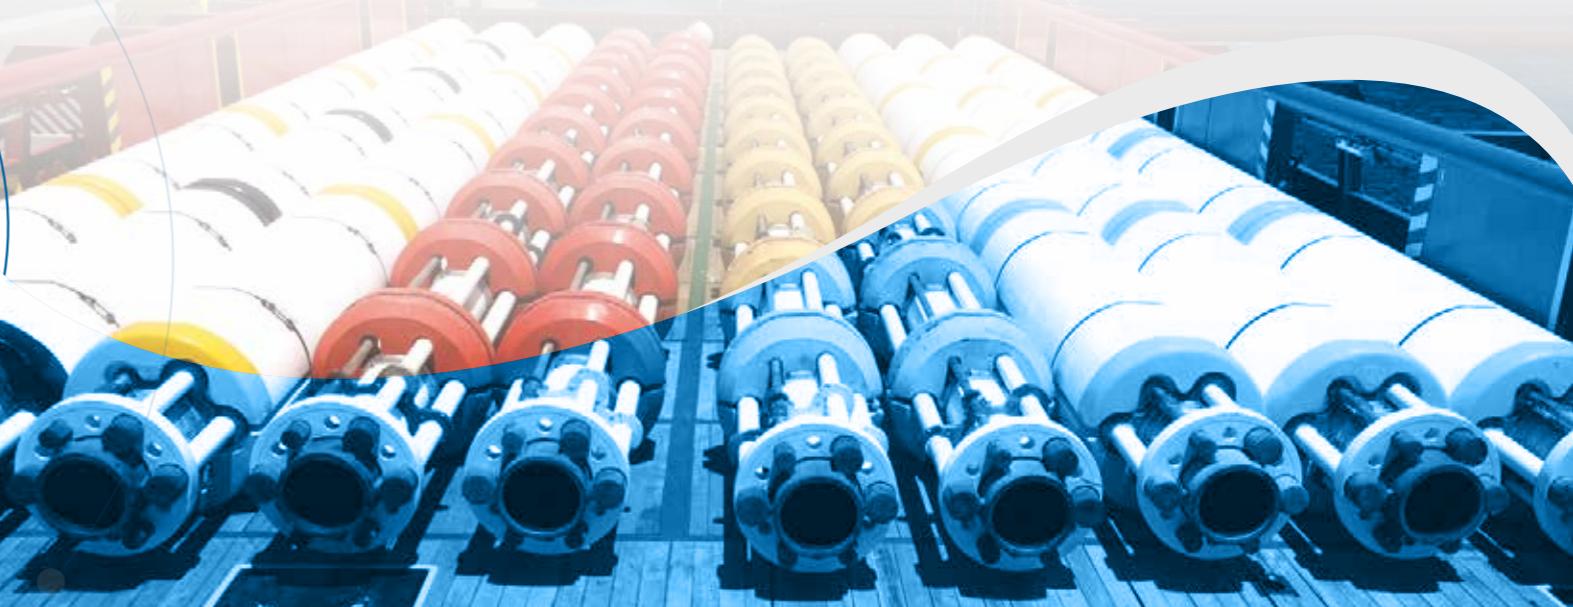

Our welding procedures cover all possible material combinations for riser repairs (API 5L X52, X80, AISI 4130, AISI 8630, SS316L, Monel 400 and Inconel 718). Our welding methods include SMAW, GTAW and SAW. We also offer full blasting and painting, heat treatment and pressure testing to 22.5k psi. Our inspection capabilities include Visual (VT), Magnetic Particle (MT), Penetrant (PT), Ultrasonic (UTW and UT), Phased Array (PA), Radiography (RT), Dimensional and Hardness Testing.

WE HAVE DEVELOPED IN-HOUSE HANDLING, INSPECTION, WELDING, REPAIR AND COATING PROCEDURES THAT SATISFY BOTH THE OEMS AND THE DRILLING CONTRACTORS WHICH COVER:

- Full Marine Drilling Riser Offloading, Loading and Transportation Services
- Complete Disassembly and Assembly
- NDE and Dimensional Inspections
- On-Site Machining Services
- Full Welding Repairs
- Positive Material Identification (PMI)
- Pre and Post Weld Heat Treatment
- Full Blasting and Coating Services
- Pressure Testing up to 22500psi

Our success stories include the Full 5 Year Recertification of 118 x 75ft NOV Shaffer Riser and 2 x Telescopic Joints, the Full 10 Year Recertification of 90 x HMF-H 90ft BHGE VETCOGRAY Riser Joints and the On-Site Machining Services for 80 CAMERON Riser Joints.

## OFFSHORE DNV CCUs RENTAL SOLUTIONS

MULTIMARINE SERVICES LTD IS THE AGENT OF CARGOSTORE FOR THE RENTAL OF OFFSHORE DNV CCUs IN THE EASTERN MEDITERRANEAN.

### WE MAINTAIN IN CYPRUS AN OFFSHORE DNV CCUs DEPOT CONSISTING:

- Standard offshore 10ft and 20ft Closed and OT Containers
- Reefer containers (heavy duty 10ft, 20ft and dual temperature)
- Half Heights (10ft, and 20ft)
- Gas Racks
- Baskets

In addition, Multimarine offers fabrication of DNV compliant offshore containers.

The strategic location of our warehouses near Limassol and Larnaca ports in Cyprus allows immediate access for mobilisation to all our clients in the Oil & Gas industry in the East Mediterranean region.

## MARINE EQUIPMENT TESTING

MULTILAB TESTING LTD, IS AN INDEPENDENT LABORATORY WITH SPECIALISATION IN MATERIALS TESTING AND CALIBRATION SERVICES.

Their highly qualified engineers and calibration technicians have many years of experience in the marine industry field with a specialization in calibration of measuring equipment on various types of cargo vessels, tanker ships, motor vessels, yachts... hence why they are the preferred supplier of choice of Multiamrine Services Ltd.

MultiLab Testing Laboratory provides expert calibration and testing verification services of marine measuring equipment on-board.

### ● LIST OF MARINE EQUIPMENT TESTING SERVICES:

- Calibration of portable gas detectors, fixed gas detection systems and gas sampling systems
- Calibration of oily water separators (OWS) [15ppm bilge alarms]
- Testing and Verification of oil discharge monitoring equipment (ODME)
- Calibration of ullage-temperature-interface (UTI) devices,
- Calibration of temperature transmitters, digital/analogue gauges, temperature calibrators, thermometers
- Calibration of pressure transmitters, digital/analogue gauges, pressure calibrators, torque wrenches, weighting instruments, load cells
- Testing verification and adjustment of safety relief valves, line valves, pv valves, safety valves
- Calibration of breath alcohol screening devices (alcometers)
- Calibration of cargo electrical test instruments: digital multimeters, current clamps, insulation testers, infrared (IR) thermometers, signal simulators

For more information, visit [www.multilab.com.cy](http://www.multilab.com.cy)

## MARINE EQUIPMENT & SERVICES

POSEIDON MULTIMARINE SERVICES LTD PROVIDES A COMPREHENSIVE RANGE OF MARINE PRODUCTS AND SERVICES AS WELL AS SOPHISTICATED AND CLASS APPROVED INSPECTIONS ON FIRE, RESCUE AND SAFETY EQUIPMENT (FRS), INCLUDING INSPECTIONS ON GAS DETECTION SYSTEMS, BREATHING APPARATUSES AND EEBDS, MARINE AND INDUSTRIAL FIRE SAFETY INSPECTIONS AS WELL AS INSPECTIONS ON LIFEBOATS AND PPE.

- Marine Fire Service Station approved by DNV, ABS and RINA
- Dräger Safety Equipment Service Station
- Lifeboat & PPE Inspections
- COMET Pyros Distributor

We are the official representative & reseller in Cyprus of some of the most well-reputed brands such as: Dräger safety equipment, Sealite navigation and aviation aids, Daniamant lights, Trelawny surface preparation tools, ACR Artx survival gear and Total fire extinguishers.

## VESSEL AND SUPER YACHTS DRY-DOCKING

A FLOATING DOCK WITH OVERALL LENGTH 120.00M AND CLEAR WIDTH 27.00M IS OPERATIONAL IN LIMASSOL PORT.

Multimarine Services Ltd expands its service portfolio to include the provision of Vessel Dry-Docking Services in Limassol Port.

### Floating Dry-Dock ERENEOS:

- Lifting Capacity: 7100MT
- Length: 120.00m
- Breadth between outer sides: 32.40m
- Breadth between wing walls: 27.00m
- Cranes x 2: 7.50t
- Classification Society: ABS
- Year of Built: 2017
- Registered: Valletta (Malta)

MULTIMARINE'S EXPERIENCE AND ACCREDITATION IN THE FIELD OF SHIP REPAIRS PROVIDES A COMPARATIVE ADVANTAGE WHEN IT COMES TO COMPLETING VESSEL DRY-DOCKING OPERATIONS IN CYPRUS.

In particular, Multimarine's Shipyard is equipped to provide the following services:

- Floating Dock with overall length 120.0m and Clear Width 27.0m
- Provision of all necessary resources to complete the Dry-Dock Works
- Project management of the drydocking workscopes
- Provision of Comprehensive Reporting
- Liaison with all interested parties

Our infrastructure in Limassol Port include three (3) workshops fully equipped to facilitate the following type of repairs:

- Fabrication and Welding Shop
- Machine Shop
- Electrical Shop
- Carpentry Shop
- Blasting and Painting

# SHIP REPAIR & SHIPYARD SERVICES

## OUR IN-DEPTH **EXPERIENCE** INCLUDES WORK ON:

- Supply and Offshore Construction Vessels
- Drill Ships & Drilling Platforms
- Oil Tankers
- Bulk Carriers
- Cruise Vessels
- LPG Tankers
- Container Vessels
- RoRo Vessels

## OUR SERVICES INCLUDE, BUT NOT LIMITED TO:

- Classification Society Surveys
- Afloat Ship Repairs
- Vessel Dry-Docking
- Specialized/ Certified Personnel
- Steel Repairs & Renewals and Replacements of Ship Structures
- Refurbishing & Maintenance of yachts, police and navy patrol vessels
- Hull, Hold & Deck Cleaning by high pressure water jet and Coating
- Tank Cleaning and Coating
- Grit Blasting and Coating
- Scaffolding Services
- Overhaul of Engine Room and Deck Machinery / Equipment  
(engines, generators, pumps, windlasses, winches)

- Manufacturing of spare parts
- Conversion Services Insulation Services
- Marine Furniture and Carpentry Services
- Electronic and Electrical Repairs
- Maintenance and Repair of Inshore and Port Installations
- Structures, Light Towers
- Audio Gauging
- Air-Conditioning, Boiler and Ventilation Repairs
- Diesel Engine Repairs
- Diving & Underwater Inspections/Repairs
- Motor Rewind, Repair or Replacement
- Propeller Service
- Pump Repair or Replacement
- Sewage Systems;
- Repair of cylinder heads, pistons, cylinder liners & injection pumps

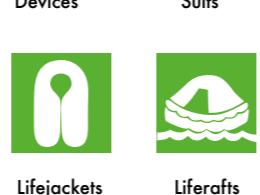

## VIKING LIFERAFT SERVICE STATION

WORKSHOP NO 811

CYPRUS MARINE INSPECTIONS (CMI) LTD OPERATES THE VIKING APPROVED LIFERAFT SERVICE STATION IN CYPRUS. THE SERVICE STATION IS BASED AT MULTIMARINE'S FACILITIES INSIDE LIMASSOL PORT AND IS ALSO ACCREDITED BY THE CYPRUS DEPARTMENT OF MERCHANT SHIPPING (CYPRUS FLAG).

### THE SERVICE STATION IS FULLY EQUIPPED TO OFFER THE FOLLOWING SERVICES:

- VIKING Liferaft Annual Inspection
- Davits Inspection (several makers)
- Lifejackets Inspection (several makers)
- Immersion Suits Inspection (several makers)
- Annual Inspection of Firefighting Equipment
- Annual Inspection of Breathing Apparatus and EEBDs
- VIKING Liferaft exchange option
- VIKING Liferaft long term lease option
- Supplies of all Liferaft consumables including handflares, parachute flares and smoke signals

Please contact us on [liferafts@cmi.com.cy](mailto:liferafts@cmi.com.cy)

## SHIP CHANDLING

MULTIMARINE SERVICES LTD IS YOUR SHIP CHANDLER PARTNER IN LIMASSOL PORT, LARNACA PORT AND VASSILIKO PORT IN CYPRUS, AVAILABLE 24/7 TO SUPPORT YOU WITH ALL YOUR MARINE SUPPLY REQUIREMENTS.

Our Purchasing Department has the knowledge and long-term relations with countless local and international suppliers and ensures the delivery of high-quality products that meet your budget.

Provisions and stores are sourced locally in competitive prices and are distributed to our clients directly when needed to reduce delivery time: Our conveniently located facilities along with our logistics capabilities, provide a full range of products and services that meet the needs of the marine and offshore oil and gas industries as well as all types of vessels and yachts.

### SHIP SUPPLIES

Multimarine Services Ltd is your one-stop-shop for all your chandlery requests for all types of vessels, offshore platforms, and yachts, whether it is at the quayside, anchorage or off-port limits.

- Technical Supplies (deck, engine, cabin, safety, firefighting, spare parts, ropes...)
- Food Provisions (fresh and frozen products, dried food and specialty food items)
- Bonded Stores

### IMPA & ISSA

To make it easy on our clients to communicate their requests, we follow the international IMPA and ISSA coding systems while making sure that transparency is at the foundation of our relationship.

### 24/7 DELIVERIES

Chandlery service is only as good as its speed of delivery. Knowing the importance and how critical the time factor is for all ships, vessels and yachts, we make sure that all your marine supply requests are delivered as fast as possible.

Our Ship Chandlery team is available 24/7 to handle all your requests at [info@multimarine.com.cy](mailto:info@multimarine.com.cy)

## PORT AGENCY & LOGISTICS

## PORT AGENCY & HUSBANDRY SERVICES

OUR PORT AGENCY & HUSBANDRY SERVICES PROVIDES 24/7 ASSISTANCE AND PROMPT QUALITY SERVICE, IN ADDITION TO BEING YOUR PROTECTIVE AGENTS FOR ALL TYPES OF VESSELS, OFFSHORE PLATFORMS AND YACHTS CALLING AT LIMASSOL, LARNACA AND VASSILIKO PORTS AND ALL MARINAS IN CYPRUS.

Multimarine Services Ltd.'s extended network across Cyprus along with its experienced team of port agents, can efficiently address any query that may arise at shore, at berth or at anchor.

### OUR PORT AGENCY SERVICES INCLUDE BUT NOT LIMITED TO:

- Pilot Arrangements
- Custom Clearance
- Berthing / Unberthing Arrangements
- Inward / Outward Clearance from customs and port authorities
- Free Pratique Formalities
- Crew Change
- Cash to master
- Freight Forwarding & Clearing
- Liaison With All Relevant Local Authorities
- Duty Free Bunkering
- Supplies of lubricants and chemicals
- Sourcing for Spare Parts
- Food Provisions and fresh water
- Maintenance and Repairs
- Concierge Services

Every service provided by our Port Agents team is designed to efficiently support our clients by minimizing the risk, the timing and the cost of operations.

Multimarine Services Ltd is not just another Port Agency & Husbandry Service: we combine our experienced resources with our extensive technical expertise and infrastructure to offer our clients a fully comprehensive and unique service.

## BONDED STORAGE FACILITIES

MULTIMARINE SERVICES LTD OWNS AND OPERATES BONDED STORAGE AND WAREHOUSE FACILITIES IN CLOSE PROXIMITY FROM LIMASSOL PORT, CYPRUS.

With a total area of 25000 square meters, the bonded facilities allow Multimarine to provide ship spares logistics and bonded storage services to all their clients.

The goods received from the port/airport are introduced directly into the bonded warehouse for storing, general handling, picking, assembly, packaging, groupage and de-groupage, extracting & distribution if requested by the client, and reshipping.

Our extensive knowledge in ship chandlery, custom clearance and bonded storage regulations, helps us become your sole contact agent for ordering, receiving, handling, storing, distributing or reshipping your goods while carrying out all customs operations. This would tremendously decrease the risk of delays, misunderstandings and coordination hassle with multiple suppliers.

# LEASE OF MACHINERY AND EQUIPMENT

COMPREHENSIVE LIST OF MACHINERY AND EQUIPMENT OFFERED FOR SHORT AND LONG TERM HIRE TO MARINE AND OIL & GAS INDUSTRIES.

At Multimarine Services Ltd, we consider ourselves specialists on the provision of a broad range of machinery and equipment for short and long term hire. We are committed in delivering cost effective solutions to a range of industries such as the construction, marine and offshore.

We offer our customers 24 hour, 7 days a week emergency call-out for hire and service. Our clients are confident that Multimarine is well equipped to offer a reliable and comprehensive service which can meet their operational demands.

## OUR RENTAL FLEET INCLUDES:

- Crawler Crane 750t

## SHORE TRANSPORT, LIFTING AND HANDLING SERVICES

A MODERN AND COMPREHENSIVE CRANE FLEET INCLUDING A 750T CRAWLER CRANE AND SEVERAL MOBILE CRANES FROM 45T UP TO 350T FULLY LICENSED TO OPERATE IN LIMASSOL AND LARNACA PORTS.

At Multimarine Services Ltd we consider ourselves as specialists in general and heavy haulage, heavy lifting and handling, mobile cranes and forklift trucks hire and the execution of logistics operations in all Cyprus Ports. We provide equipment handling and lifting solutions to suit each customer's specific requirements. We offer full coverage for crane hire services throughout Cyprus including Limassol and Larnaca Ports.

To support our operations, we offer a comprehensive mobile crane fleet of All-Terrain Mobile Cranes from 45t to 350t accompanied with fully tested and certified lifting equipment, a range of forklift trucks and telescopic forklifts of various lifting capacities, cherry pickers, scissor lifts and a Crawler Crane 750t. Moreover, to complement our lifting operations, we also offer a large haulage fleet including multiwheelers, low loaders, extendable trailers and flatbed trucks. Additionally, our Crane Operators, Banksman and Riggers are trained to OPITO Standards, and to the Cyprus Health and Safety Legislation.

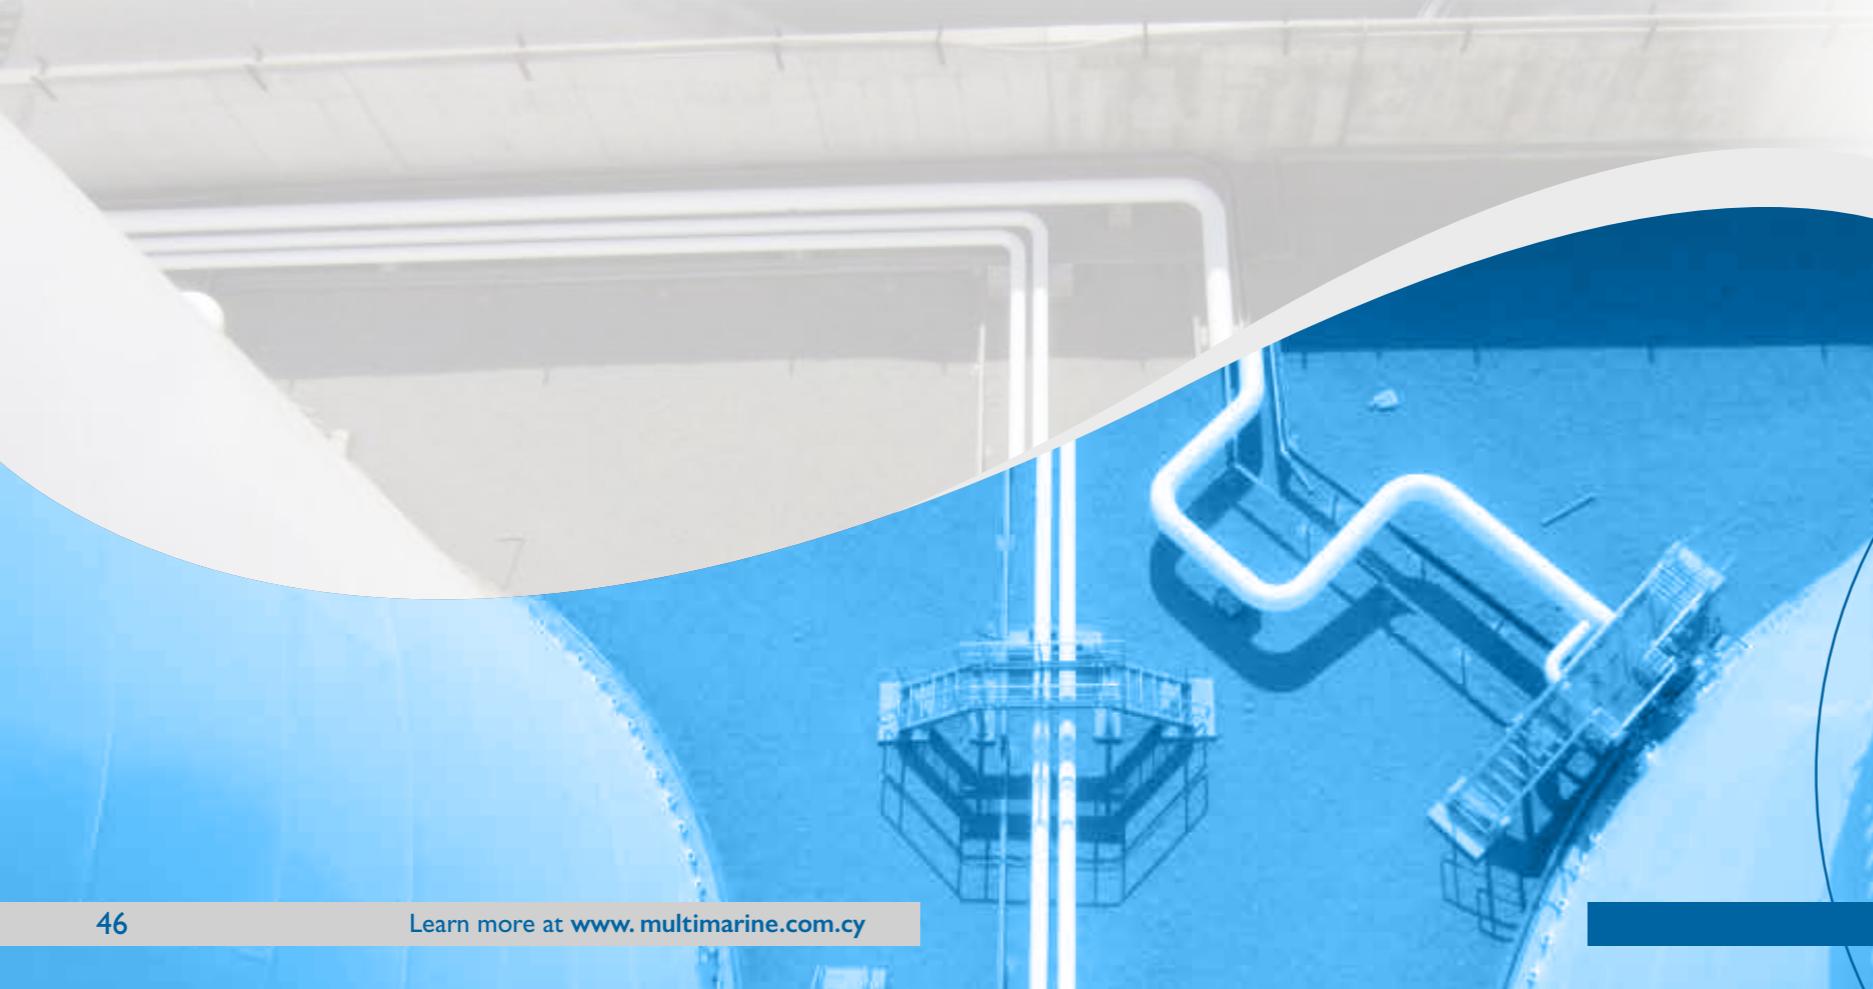

All our mobile cranes and machinery are licensed by the Port Operators for loading and offloading vessels inside Limassol and Larnaca Ports.

Before each operation commences, our engineers provide a Lifting Plan and Risk Assessment. This is to ensure that all lifting operations follow our in-house and our clients' lifting procedures, as well as complying with the local and international legislation.

## POWER & INFRASTRUCTURE

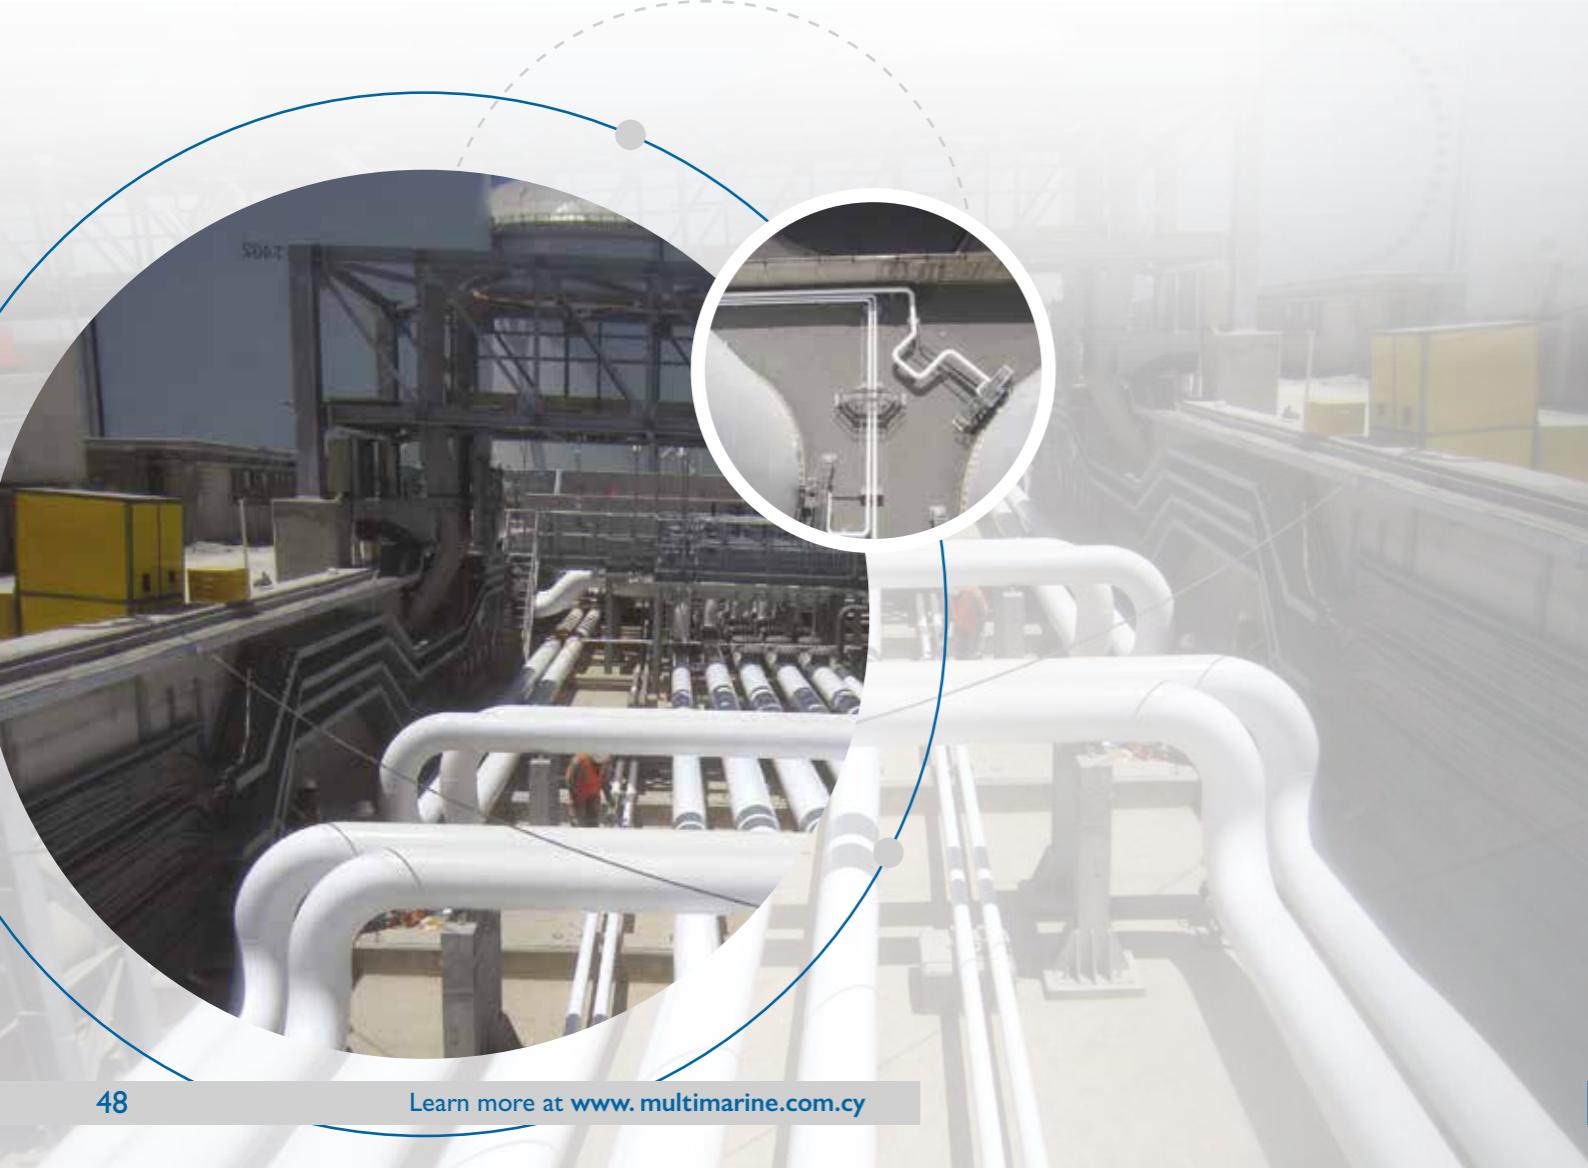

## PLANT MAINTENANCE

MULTIMARINE SERVICES LTD PROVIDES A COMPREHENSIVE ONE-STOP SHOP SOLUTION SERVICE TO COVER THE FOLLOWING MAINTENANCE ACTIVITIES:

- Shut-down maintenance
- Planned & Unplanned maintenance
- Maintenance and Repairs of Tanks and Vessels
- Emergency Maintenance and Repairs
- Mechanical, instrumentation & electrical modifications
- Fabric Maintenance
- Maintenance/overhaul of compressors, pumps, valves, generators & rotating equipment

Our Maintenance teams are supported by a large in-house team of field-service engineers and technical specialists, all with specific industry expertise.

The MMS Maintenance team works 24/7 to ensure that all equipment and machinery are back to production, therefore minimizing the down-time of our clients' assets.
