

PASSIONATE PARTNER FOR ANIMAL SCIENCE

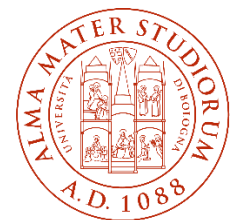

ABOUT US

- **Founded in 2006**, Poulpharm is an independent partner for the veterinarians, pharmaceutical & nutritional industry.
- **State-of-the-art** laboratories and animal facilities.
- **International presence** with headquarters in Izegem, Belgium.
- **High quality research** in diagnostics & (pre)clinical trials (possibility to comply to standards such as ISO 17025, GCP and GLP).
- **Strong Strategic Partnerships** with:

ZOOTESTS

ALMA MATER STUDIORUM
UNIVERSITÀ DI BOLOGNA

OUR SERVICES

DIAGNOSTICS & RESEARCH LABORATORY

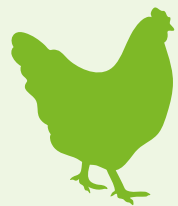

- To support veterinarians in diagnosis and treatment.
- Broad range of analyses on multiple types of samples.

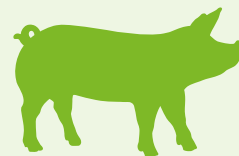

AUTOGENOUS VACCINES

- Custom-made vaccines using pathogens isolated from specific animals.

Poultry

Swine

Pigeon

Rabbit

Cattle

CONTRACT RESEARCH ORGANIZATION

- Evaluation of product efficacy, digestibility and safety, including toxicity, residue, pharmacokinetic, zootechnical trials. Conduct of (pre)-clinical trials for regulatory purposes and proof-of-concept studies.
- Wide range of animal species and animal disease models.

CONSULTANCY

- Theoretical and practical training sessions in the fields of poultry and pig parasitology, bacteriology and virology.

OUR INNOVATION

AUTOGENOUS VACCINES

- New GMP-like facilities
- Combined viral & bacterial antigens in single formulations
- Custom-tailored adjuvants
- Emerging and under-addressed pathogens R&D
- Novel immortalized cell lines

BIOBANK

- Fully characterized field-isolated strains, Belgium and abroad
- Large collection of diverse sample types.

ANIMAL MODELS

- Over 50 models across multiple species
- Insights into pathogen diversity and host-pathogen interactions

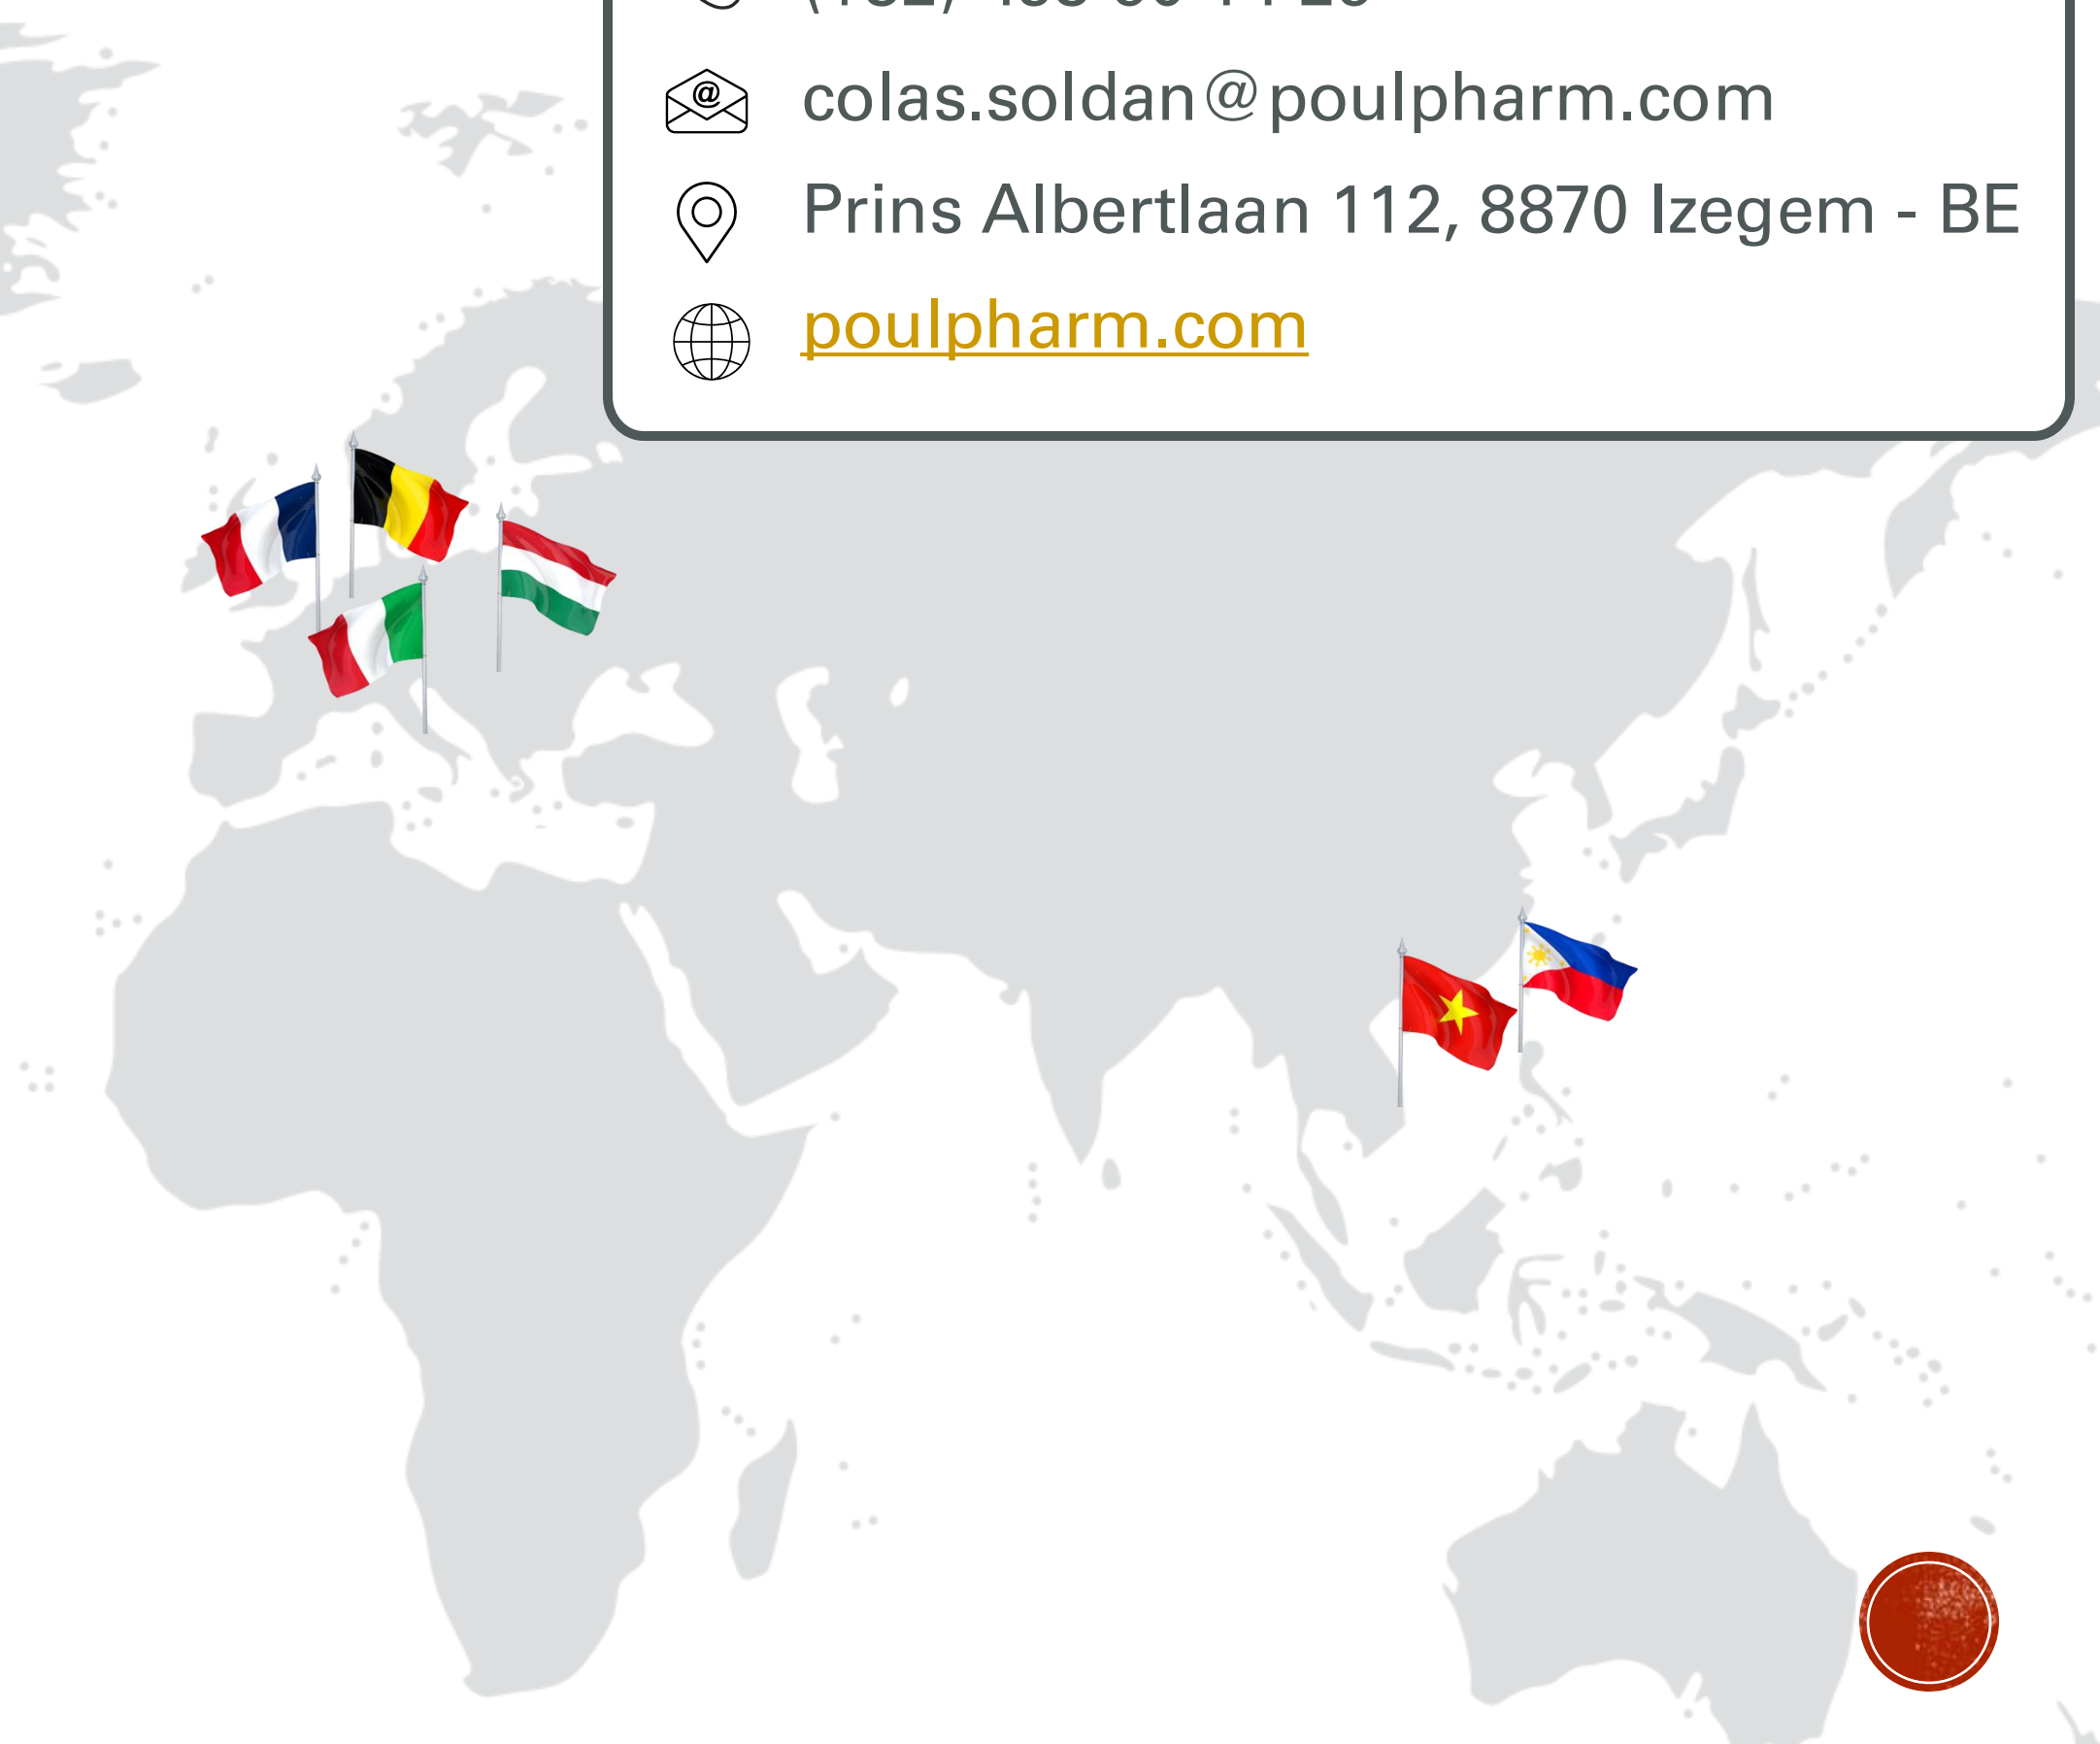

COLLABORATIONS

- Multiple PhD projects across Europe

-  Poulpharm Belgium
-  Poulpharm Hungary
-  Poulpharm Philippines
-  Poulpharm Vietnam
-  Vetspin Italy
-  Zootests France
