

PARTNER

BEAT SPECK

**DR. IUR., LL.M.; ATTORNEY AT LAW
CIVIL LAW NOTARY OF THE CANTON OF ZUG**

Beat Speck's practice is focused on the areas of mergers & acquisitions, redomicilations (in- and outbound), joint ventures and corporate governance.

In this regard, he handles, in particular, the entire life cycle of venture capital and private equity financings. He advises national and international investors on the structuring of funds, accompanies the investment process in the holding companies and is available to them during the holding phase. He also helps all participants achieve a successful exit (IPO, Trade Sale, Dual Track). As attorney at law, notary public of the Canton of Zug and issuer's representative recognized by the SIX Swiss Exchange, he can efficiently offer the individual processes from one source.

Beat Speck regularly publishes articles in the above mentioned areas. Further, he is a member of SECA, the Swiss Private Equity and Corporate Finance Association, as well as of the Private Equity Chapter of Meritas, an international network of business law firms with over 6,500 attorneys in more than 60 countries.

Beat Speck was voted M&A lawyer of the year 2014 (ILO Client Choice Award).
