

Pillar 1

Session 1.1 Green growth and circular economy

Rachel Pettersson

Research Manager

M.A., Tekn.D., Adjunct Professor (KTH)

Rachel Pettersson is a research manager at Jernkontoret, the Swedish Steel Producers' Association, and an adjunct professor at KTH Royal Institute of Technology. She has worked for over 30 years within and together with the Swedish steel industry on a wide range of subjects. She has a first class honours degree from the University of Cambridge and a doctoral degree from KTH.

Rachel Pettersson is a member of the Steel Advisory Group and strongly involved in the European Steel Technology Platform, ESTEP.
