room "SCHUBERT 1", 1<sup>st</sup> floor

## ABOUT THE PROJECT

The ClusterNanoRoad project is aimed at developing & implementing effective smart specialization strategies in the field of NMBP (Nanotechnologies, Advanced Materials, Biotechnology, and Advanced Manufacturing and Processing) aligned with cluster development. It will investigate existing development strategies of regions, establish coordination mechanisms and synergies between smart specialisation and cluster strategies & policies, interlinking the regional eco-systems into new innovation driven cross-EU value chains.

Within this **workshop**, the findings, conclusions and recommendations from the project will be validated through consultation with ClusterNanoRoad's main stakeholders (e.g. cluster Managers, SME representatives and regional authorities).

## OBJECTIVES OF THE WORKSHOP

- Validate key conclusions of the analysis made throughout the project's activities.
- Validate the recommendations.
- Give an opportunity to Cluster managers, SMEs and Regions, to contribute directly to the conclusions.
- Promote the identification of joint demonstration cases in which regions can intensify collaboration around Key Enabling Technologies (KETs) related value chains or hubs via the cluster partners.

# WORKSHOP AGENDA

OCTOBER 29<sup>TH</sup>

- 10:00 **Introduction to ClusterNanoRoad project**  
Paula Galvão, International Iberian Nanotechnology Laboratory (INL)
- 
- 10:20 **Value Chain opportunities: Mapping of Good Practices**  
Asalie Hartmanis, swedNanoTech
- 
- 11:00 **Q&AS**
- 
- 11:15 **The ClusterNanoRoad Future Actions Roadmap: How to Support NMBP in Clusters and Regions**  
Sean Kelly, Nanotechnology Industries Association (NIA)
- 
- 11:45 **Q&As and Open discussions**
- 
- 12:15 **Conclusions & Next steps**  
Anaïs Le Corvec, Council of European Bioregions (CEBR)
- 
- 12:30 **End of the Event**
