WaterMaster 2

Water Treatment for **Ice & Steam**

CITRYNE

The WaterMaster 2 provides superior water filtration as well as a proprietary water treatment formulation called Citryne to control scale problems in ice makers and steam cookers. The WaterMaster 2 introduces Citryne at a constant and consistant rate to maximize scale elimination.

BENEFITS

- Controls scale forming water before entering an ice maker or steam cooker
- Provides continuous ice or steam production
- Reduces machine maintenance
- Built in multi-stage filtration to prevent premature clogging of the filter
- Connect to cold water line
- Easy cartridge change out
