4 QT DROP-IN SINAQUA™ SOUPER

PERFORMANCE

The SinAqua™ Souper is a drop-in countertop unit from CookTek used for rethermalizing food and precision holding. Employing a forward-thinking design and high-contrast, easy-to-use capacitive touch control, the SinAqua™ Souper can take liquid foods from an unfrozen, chilled state through the food safety danger zone in as little as 45 minutes.† After rethermalization, food is held at a precise temperature within a selectable range of 140–200 ˚F (60–95 ˚C). Utilizing CookTek inductive heating technology, the SinAqua™ Souper consistently heats food without scorching and holds food twice as long as steam wells, while using less than half the energy. The SinAqua™ Souper eliminates maintenance and plumbing associated with traditional soup warmers.

†Requires stirring

FEATURES

- SinAqua™ (waterless) holding and rethermalization
- 400 watts induction heating
- User-selectable precision hold and rethermalization functions
- Operate up to six units with a single controller
- Holding temperatures range from 140–200 ˚F (60–95 ˚C)
- Rethermalizing temperatures range from 170–200 ˚F (75–95 ˚C)
- Programmable stir notification, defaults to four minutes when rethermalizing and 15 minutes when holding
- Pan compensation technology allows for use with magnetic and non-magnetic soup tureens††
- Active dry-pan protection prevents users from unintentionally damaging the unit
- Highly visible and durable capacitive touch user interface
- Audible and visual cues
- Spun aluminum exterior construction with high-gloss polycarbonate adapter ring (stainless steel adapter ring sold separately)

STANDARD INCLUDED ACCESSORIES

- 6-ft (1.8 m) nominal plug and cord
- One-year limited warranty (U.S. and Canada only)
- One 4 qt 18/8 stainless steel soup tureen and lid for maximum performance, durability, and corrosion resistance
- 6 ft 5-pin micro-USB patch cable from unit to control box

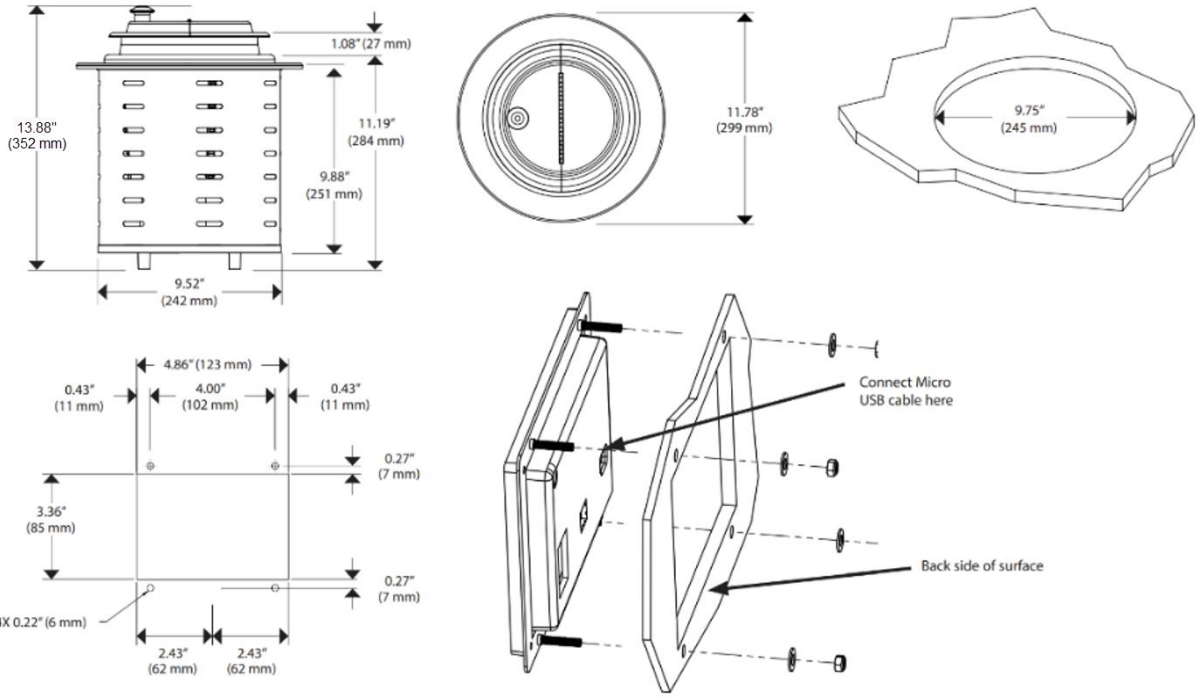

OPTIONAL ACCESSORIES

- 4 qt 18/8 stainless steel soup tureen with lid (#302478)

††The SinAqua Soupers are designed to be used exclusively with CookTek-specific tureens and lids.

It is the owner and installer's responsibility to comply with all local codes. CookTek reserves the right to substitute components or change specifications without prior notice.
