STARLINE

Starline Slimline 4 Gallon Beverage Dispensers

MIDDLEBY

The Starline Slimline Beverage Dispenser is engineered for reliable dispensing of chilled teas, lemonades, juices, and other still beverages. Featuring the industry's slimmest footprint, premium cooling performance, and durable stainless steel construction, it's built for demanding commercial foodservice environments.

Clear Beverage Display
BPA-free clear bowls showcase beverages while making product levels easy to monitor.

Premium Cooling Technology
Eco-friendly R290 refrigerant delivers efficient performance while supporting sustainability initiatives.

Easy Dispensing
Three handle options provide smooth, controlled dispensing.

Consistent Circulation
Maintains an even flavor profile while creating an attractive cascading display.

Magnetic Impeller System
Reduces component wear for improved durability and longer service life.

Long-Life Compressor
Designed for low maintenance, quiet operation, and energy-efficient performance.
